COAST SEAPLANES START WORK TO-DAY

Nicomen Mission; to Photograph Esquimalt Harbor

Also Vancouver Harbor and Mouth of Fraser

Vancouver, April 6.—Flying activities at the Seaplane Station at Jericho Beach will open to-day when an H. S. L. seaplane takes off from English Bay for a flight over the Nicomen Island district of the Fraser Valley. The object of the trip will be to take photographs of the area subject to floods, so that effective measures can be taken to prevent future inundations of the island farms. One wing to the height at which the plane must fly to obtain good photographs, the equipment and the number of passengers will be reduced as low as possible.

It is expected that the actual photography will not take longer than three hours, but it will be necessary to cover considerable ground before reaching the scene of operations.

Other Work.
"This is only one of the many tasks which will be undertaken this summer by fliers at the station," stated Major C. MacLaurin, Superintendent. "Other work includes photographing the mouth of the Fraser River, Vancouver Harbor, Esquimalt Harbor and numerous other waterways. We also plan to do a considerable amount of experimental work, forest surveying, fire ranging and many undertakings which will generally advance flying in Canada."

UNCERTAINTY IN BRITAIN REPORTED

American Observers Deal With Industrial Outlook

London, April 6.—A gloomy picture of the British industrial scene, as presented in the American Chamber of Commerce's summary of March.

After some months of peace, severe industrial strife has again been experienced. The question whether 60,000 skilled engineers will be forced into idleness hangs on negotiations between the employers and the unions brought about by the intervention of Premier Lloyd George.

More than 1,000,000 persons will be idle unless a settlement is speedily reached, the report points out. The engineering dispute is connected with the question of overtime, while the shipbuilding workers are dissatisfied because of a bonus reduction by instalments of 25% shillings a week. Ships docking for repairs are being diverted to foreign ports.

Unemployed.
The effect on the unemployment returns will be serious, the Chamber points out. Registered unemployed persons at the end of March numbered 1,752,076, which figure, although large was a reduction of 172,000 from that of ten weeks before. The Lancashire cotton manufacturers have given notice of a twenty-five per cent reduction in the standard price list, or six shillings a pound, but it is not expected such a large reduction will be made.

The February foreign trade returns, published in March, were not encouraging as compared with January. Both imports and exports substantially declined. Exports fell off nearly £5,000,000 and imports over £7,000,000, during the month, however, being due to the short month.

Favorable Balance.
A remarkable feature of the returns was that, apart from the so-called invisible exports, an actual favorable trade balance of £24,000 was shown for the first time in a century. In 1913 the adverse trade balance amounted to £135,000,000, and in 1920 to £374,000,000. The February balance was not due, however, to increased exports, but to decreased imports.

THOUGHT OFFICIALS "HIGHWAYMEN"

Seattle Men Convicted on B.C. Liquor Charge

Vancouver, April 6.—Andrew H. Johanson and Charles W. Lewis, both of Seattle, who made up the crew of the launch Cisco, convicted on charges of robbing a customs officer in discharge of his duty, were to-day remanded to appear April 19 for sentence.

The defence is preparing a statement. Johanson, testifying on his own behalf, said he had been a resident of Seattle during the past two years; that he was the owner of the Cisco; that on March 4 he had loaded whisky in Vancouver for a destination on the coast. He had refused to stop when directed by the customs officer because he had decided they were "highway men" and intended to rob him of his liquor. Last February he said, he was accosted by four men in a launch about seven miles outside Victoria. The four men took his liquor cargo in their speed boat to an automobile waiting on shore.

CHEAPER MILK.
Quebec, April 6.—Big dairies operating here announce that beginning on April 15, they will reduce the price of milk from 14 to 12 cents a quart.

DOUGLAS FIR TO GROW SOON IN EUROPE

Washington, April 6.—Douglas fir seeds to the number of 100,000,000 were formally presented to-day to France and Great Britain by Charles L. Pack, president of the American Forestry Association, at the headquarters of that organization here.

Genoa Conference Is Expected to Last About Two Months

Genoa, April 6.—Foreign Minister Schanzer has urged the chief delegates of the Allied Powers to be here by Sunday for a meeting preliminary to the economic and financial conference, which will open Monday.

M. Schanzer acted on the suggestion of David Lloyd George, the British Prime Minister.

Premier Facta will attend the conference for about a week, after which he will return to Rome, leaving M. Schanzer here.

GREAT QUEBEC POWER SCHEME

Capitalization of \$500,000,000; United States Interests

To Serve Province and an Area of United States

Quebec, April 6.—A gigantic power scheme involving a capitalization of \$500,000,000 is being mooted here, and parties connected with the project have approached leading business men, including Mayor Samson of this city. The Mayor was informed that American interests are behind the scheme, who, it was stated, were planning the acquisition of the Quebec Railway, Heat, Light and Power Company, together with the rights to all waterpower north of Quebec with a view to developing enough horsepower to serve the whole province and large sections of the United States.

Mayor Samson has declared himself in favor of the scheme.

TAKES HEART FROM NAVY COMPETITION

Nations' Agreement Commended by Lord Lee

Spoke of Bombs and Big Battleships

London, April 6.—Lord Lee of Fareham, First Lord of the Admiralty, in an address last night before the Institute of Naval Architects, dwelt on the Washington Conference and the navies of the world. "The Washington Conference," said Lord Lee, "has not ended; it is still in progress. It is a process which has taken all the heart out of competition."

He termed as alarmist reports, that it was only necessary to drop a bomb near a battleship to sink the vessel. He said the navies of the world, discoveries, including torpedoes, submarines and dreadnoughts, to put enemies out of date, but that none had succeeded in sinking so. "And," he added, "so it will be with this latest stunt."

Lord Lee declared the battleship was still the basis of seapower.

COLLABORATOR WON CRAVEN RACE IN ENGLAND TO-DAY

London, April 6.—(Canadian Press Cable)—Sir William Cook's Collaborator to-day won the Craven Stakes, the feature race of the closing day of the Newmarket Craven meeting. Nineteen horses ran. Collaborator, an outsider in the betting, quoted at 10 to 1, won by a margin of one length, beating the favorite, Lord Astor's bay colt Tamar, by Tracey out of Hamoz, winning by five lengths. Anthony de Rothschild's bay colt Triumph, by Tracey out of Tamar, finished third, three lengths in the rear of Tamar. Odds quoted on Tamar were 11 to 8 against, and on Triumph 100 to 1 against.

The Craven Stakes of 500 sovereigns added to a sweepstake of ten sovereigns each, is for three-year-olds and has been run continuously since 1878.

FRENCH ROBBERS FAILED TO SECURE BRITISH DOCUMENTS

London, April 6.—No important British Government documents were in the mail bags stolen in yesterday's sensational train robbery in France. It is authoritatively stated that if the robbers were after British Foreign Office documents relating to the Genoa Conference, they advanced by the French police, they overlooked the fact that important papers are never sent in regular mail bags, but always by courier.

HUNGER STRIKE.

Lisbon, April 6.—Eighty syndicalists held in Port Sacaven have gone on hunger strikes as a protest against their imprisonment.

ANTI-LABOR MAJORITY IN NEW SOUTH WALES

London, April 6.—(Canadian Press Cable)—It is now certain that the New South Wales general election will result in an anti-labor majority of fourteen, according to a dispatch from Reuters' correspondent at Sydney.

ACCEPTANCES FROM DELEGATES Three From Victoria on Drydock Delegation

Esquimalt's Choice to Be Made To-morrow

The personnel of Victoria's delegation, to leave for Ottawa to press for the continuation of construction work, is definitely settled. Henry C. Hall, K. C., this afternoon informed The Times that the invitations extended to Hon. John Hart, Minister of Finance, and William Ivel, to act on the delegation in behalf of Victoria and district, had been accepted, and arrangement will be made to leave for the capital as soon as possible.

Hon. J. M. King, Minister of Public Works at Ottawa, will be asked to make arrangement for the delegation to be received in ample time before the supplementary estimates, and every hope is held that the conference in the matter will result favorably.

Name Esquimalt Delegate.

The Esquimalt Municipal Council will hold a special meeting to-morrow night, when a representative of Esquimalt to accompany the drydock delegation to Ottawa shortly will be named. At this special meeting the Council cannot actually name a delegate, but it can recommend a name to the Council for formal approval Monday night. Reeve Lockwood is thought, will be chosen, although he is not anxious to spare the time required for the Ottawa trip.

To Meet in Paris.

Paris, April 6.—Premier Lloyd George of Great Britain, who will arrive in Paris to-morrow afternoon on his way to Genoa, will have a talk with Premier Poincare at the Foreign Office. It is understood the Premiers will discuss matters connected with the Genoa gathering, the German attitude on the reparations issue and the subject of the inter-Allied debts.

The French delegates are going to the Genoa Conference without full powers. It developed from reports of Premier Poincare's instructions to them. This decision of the Government is being much discussed in political circles, where it is looked upon as likely to develop complications.

Observers.

The ruling is interpreted by some of the press as reducing the French delegates to the role of observers, which it is declared is not in tune with M. Poincare's increased enthusiasm for the conference and his expressed desire to operate heartily in making it a success.

It is explained by persons close to the Premier that he was obliged to make strict reservations regarding the powers of the French delegation because of the sensitiveness of Parliament, which sharply criticized the preceding Cabinet for binding France on important questions such as reparations without consulting the Chamber of Deputies.

Refutation.

The necessity for ratification by Parliament of any decisions taken at Genoa is generally accepted.

Political circles are still sceptical of the efficacy of the conference in spite of M. Poincare's change of attitude, while the press continues to refer to it as likely to be little more than "a Tower of Babel."

**MINISTER FOUND
JOKE PUBLISHED**

British Health Chief Talked About Housing

London, April 6.—(Canadian Press Cable)—An amusing passage occurred in the House of Commons yesterday afternoon when Sir Alfred Mond, Minister of Health, was questioned by the Opposition on the subject of the housing of the poor. In the course of the interview, Sir Alfred stated that until private enterprise could build workmen's houses to rent at lower rentals, married people with families must be content to live in one room and newly-married couples would follow the Eastern custom of living with their parents.

Sir Alfred denied that he had ever made such a statement. He explained that in the course of an interview with a reporter of what he regarded as a responsible newspaper, he had humorously remarked that newly-married couples should be so happy that they could enjoy living in two rooms, and he had referred to Eastern customs of a newly-married couple living with their families. He said he was much surprised that this had been taken seriously.

At Border.

Belfast, April 6.—Republican forces are reported to have been concentrated on the section of the Ulster frontier between Counties Leitrim and Fermanagh.

Early to-day one constable was reported missing and three were wounded, all members of a patrol near Belcoo, close to the border, and police were rushed to the scene from Enniskillen. It was first reported that the constables were ambushed, but advice to the headquarters of the special constabulary here was that the party was fired on by machine guns across the border.

An officer who visited the scene later reported everything quiet and no attempt at invasion was feared.

Closed Offices.

Tullamore, April 6.—Members of the "Irish Republican Army" entered the King's County court house to-day and closed the various offices, declaring them "British institutions."

The officials were ordered out of the building but were allowed to retain the keys of the offices.

A Raid.

Dublin, April 6.—The offices of the Free State party in Sligo were raided (Continued on page 4.)

**IMPROVEMENT TAX
ISSUE AGAIN TO
ENGAGE ALDERMEN**

Mayor Marchant will return for re-consideration the important resolution for a plebiscite on improvement taxation, discussed on Monday. The Council was evenly divided, and eventually the matter was laid over for the Mayor to investigate procedure. To-day His Worship announced that in view of the absence of Alderman Patrick he had determined to refer the motion back for re-consideration by the Council.

**MODERATIONISTS
OF MANITOBA WANT
LIQUOR CONTROL**

Winnipeg, April 6.—The executive of the Moderation League of Manitoba decided at a meeting yesterday to take no active part in the approaching provincial general election, but the executive will ask every candidate to pledge himself to a Government liquor control act. In case of acceptance of this, stated Lieut.-Colonel Grassie, president of the League, last night, it is likely the candidate will receive support from the League. Members of the League will not be debarred from running independently, but the League will not put any candidate in the field.

CEBIBOO CAMPS TO BE ORDERLY

Police Mean Laws of Canada Will Rule

Work Begins on Many of Gold Claims

(Times Special Correspondence)
Quesnel Dam, Cariboo, B. C., March 28.—An accident to the outfit bringing the writer here made it necessary to walk the remaining distance of six miles from the Forks. The road winds round three mountains, and follows a bench, some 800 or 1,000 feet above the South Fork of the Fraser River. At Rose Gulch, about three miles from the Dam, there were signs of activity. Shacks were being erected by the prospectors who have staked claims in this gulch. Some shafts, too, had been sunk which had yielded values showing the importance of the land to the north of the Dam.

Quesnel Dam is pleasantly situated at the widening of Quesnel River into Quesnel Lake, a splendid body of water. A store is already in operation, run by Jack Campbell, an old-timer in the Cariboo, and the camp is neat and orderly. The police have had to relieve one or two wild spirits of six shooters, and with a constable stationed here the camp will be as orderly as Victoria.

D. A. McCaskill, the president of the Western Development Company, arrived here two weeks ago and has been looking over the ground. He stated this evening that in his opinion and he has been in the mining game all his life—the discovery of the high run on Cedar Creek is the best thing he has ever seen. It appears so good to him that he is staying up here, where he is acquiring large interests.

Tests.

Six or seven test holes have been sunk already on the Platt and Lyne discovery property on Cedar Creek and the lead has been followed. A ditch extending eighty feet was run and the ground is being worked. Gold were found all along, proving the width of the run. How much farther the run extends the next few weeks will show. For a while the epidemic of the ground's great development can be undertaken. At present it is necessary to thaw out the ground by taken out by this means. Some pans have run as high as \$300 to the square yard. Mr. McCaskill has the most faith in the gold strike, and that is the reason he is staying up here. He has never seen the gold, but he is sticking to the moss, and when a shovel is thrust into the ground, gold is sure to come out. The surface of the ground is only eighteen inches down in many places, and therefore the bench is one of the easiest to work. The gold appears to be in a well-defined channel formation, and shows evidences of having traveled a good distance, the nuggets being smooth.

Work Begins.

Work is beginning on many of the claims. Tests are being made, and everything is ready for the time when the snow melts and the frost comes out of the ground. Mr. McCaskill is taking out an outfit, and men to the Campbell claim which he is working on a 40 and 60 per cent basis. Al Stevenson left to-day for his claim, and is going to sink a shaft.

The "flu," which has been pretty bad in camp, is now abating, and with a few exceptions the epidemic has disappeared. It has been a case of self cure, for there is no doctor within seventy miles, and the camp has been without any form of medicine. Luckily, in no case has the illness proved fatal, and it is hoped that the advent of fine weather will see the "flu" die out.

Machinery.

Much machinery will be brought in this spring. Mr. McCaskill having already ordered a gasoline pump with which to combat the water seepage, which makes its appearance in some of the shafts. With the appearance of the water, the gold people will be making up the gold finds. Cedar Creek is staked from Cariboo Island, in Quesnel Lake, to Spanish Creek, and the best thing the newcomers are doing is to get the water out of the creek to the North and East, which are known to carry gold, but which (Continued on page 4.)

**TO STRENGTHEN
NATIONS' BONDS**

Property Given to British-American Association

London, April 6.—Mrs. Woodhull Martin has presented to the Sulgrave Institution, an organization for fostering friendly relations between Great Britain and the United States, her beautiful Elizabethan Manor at Bredon, Worcestershire, with its valuable contents and surrounding estate, besides a series of guest houses for the use of Americans and Britishers interested in the promotion of friendship between the two nations, according to The Morning Post.

The gift, says The Post, is a thank-offering for the "success of recent efforts to promote Anglo-American friendship."

Victoria Clarissa Woodhull Martin, financier and reformer and editor of The Humanitarian Magazine, is a native of Homer, Ohio, where she was born in 1838. She was nominated for the presidency of the United States in 1872 by the Equal Rights Party; she memorialized Congress in 1870 for woman suffrage. Her first husband was Canning Woodhull, who died in 1873, and her second husband John Biddulph Martin, who died in 1897.

AUSTRALIANS ARE ARRANGING TO ATTRACT SETTLERS

London, April 6.—(Canadian Press Cable)—Premier William Hughes of Australia, according to Reuters' Melbourne correspondent, states that the British Government has agreed to co-operate with the Australian Government in the scheme for settling immigrants on West Australian Government lands, the payment of the interest on the necessary loan to be shared equally by Great Britain, Australia and West Australia.

Hughes is urging the other Australian states to follow suit, believing the co-operation of the other states in providing development work for the settlement of immigrants would result in a steady and increasing flow into Australia.

Portuguese Airmen to Attempt Atlantic Flight on Tuesday

Lisbon, April 6.—Advices from St. Vincent, Cape Verde Islands, say that the Portuguese naval captain, Sacadura and Coutinho will resume their trans-Atlantic flight on the afternoon of April 11, according to present plans. They expect to arrive at the island of Fernando Noronha, off the coast of Brazil, at 11 o'clock the next day, covering the 1,330 miles which constitutes the third and most hazardous leg of their flight from this city to Rio de Janeiro.

The hydro-aeroplane they are using is able to carry gasoline sufficient for only 18 hours' flight. The aviators arrived at St. Vincent two hours ahead of their schedule, making the flight from "Lando Ba" near Lis Palmes, Canary Islands, at the rate of 148 kilometers (about 92 miles) an hour.

**SEVENTY CASES OF
TUBERCULOSIS FOUND**

Free Clinics in St. John, N.B.; A Great Rush

St. John, N.B., April 6.—So great has been the rush to attend the free clinics established at four centres in this city for the tuberculosis case-finding campaign that several hundred were turned away because the large staff of doctors had their hands full and could not examine all who came. In all about 400 were examined during the two days the clinics have been open and the number of cases of tuberculosis discovered was about seventy.

**MANITOBA HOUSE
ENDS SESSION**

Next Principal Development Will Be Election

Voters of Province to Be Registered

Winnipeg, April 6.—(Canadian Press)—The Sixteenth Legislature of Manitoba concluded its work at 11 o'clock to-day, when the House was prorogued by the Lieutenant-Governor, Sir James Aikins. Registration of the voters of the province will be held at an early date, followed by dissolution of the House and a provincial election late in June or early in July.

Much important legislation having been dropped on the defeat of the Norris Government by a vote of the members, the session saw the accomplishment of little beyond matters of routine administration.

Constituency boundaries have not been changed since the election of 1920 and the next Legislature will consist, as does the present, of fifty-five members, ten elected from Winnipeg City.

**JUGO-SLAV KING
IS ILL; NO REPORT
IS MADE PUBLIC**

Belgrade, April 5.—King Alexander has been confined to his room since yesterday (Tuesday). The nature of his illness has not been given out.

**SPIRITUALISTS
ABANDON CULT**

Dr. Watson and Dr. Abbott, Toronto, Recant

Toronto, April 6.—Dr. A. D. Watson, a well known physician of this city, who gained considerable newspaper publicity some time ago by a book he wrote on spiritualism entitled "The Twentieth Century," who was one of the most prominent spiritualists in Toronto, has broken away from his belief in spiritualism. Dr. Watson is now warning people against spiritualism in any form. He declares that messages from mediums are usually unreliable or faked and dabbling in spiritualism is positively dangerous to health.

Dr. A. H. Abbott, formerly head of the Department of Philosophy at the University of Toronto, also has renounced the belief he formerly held.

MANY INVOLVED IN OIL FRAUD IN UNITED STATES

Boston, April 6.—The arrest to-day of Charles M. Ludden, an attorney, on an indictment alleging conspiracy with a score of other persons to use the mails to defraud, led Government officials to reveal the outline of what they termed an oil fraud involving thirty-one oil companies and possible losses of millions to stockholders.

VANCOUVER CLEARINGS

Vancouver, April 6.—The past week's bank clearings here were \$13,634,095; last year \$16,007,256.

**CITY STAYS OUT OF
STREET CAR FIGHT**

Will Not Aid Government and Municipalities

Shelve Requests for Help to Block Move

While the Provincial Government and Mainland municipalities, led by Vancouver, have started a determined fight at Ottawa against the plan of the B. C. Electric Railway Company to have itself placed under the jurisdiction of the Dominion Railway Board and out of the jurisdiction of municipal bodies, the Victoria City Council is doing nothing on this issue. The Council has not lent its moral support to the efforts of the Provincial Government and the Mainland municipalities.

This was made clear at the City Hall to-day after the publication in The Times last night of a dispatch announcing the arrival in Ottawa of a delegation which will oppose the B. C. Electric Company's project before committees of the House of Commons. Repeated requests have come to the City to aid in the fight, but so far the City Council has given them very little consideration. The latest request of this kind is still on the Council files. Last Monday the Council dodged it by adjourning before the item could come up. Meanwhile the fight has started at Ottawa.

Not Sympathetic.

The Council's attitude towards the Company's Federal incorporation move is not one of sympathy, according to members of the Council who have urged their colleagues to join with them in asking some action in the matter. They recall that the Council sent delegates to municipal conferences on the question in Vancouver some time ago. But when these delegates made a report and recommended that Victoria should aid the other municipalities to oppose the Company's plans this report was simply received and filed. The understanding then was that the matter would be considered later and the recommendations of the City's delegates adopted. Nothing has been done since. However, several requests for assistance have been received.

Mayor Marchant has declared himself in favor of the Company's plans but a number of aldermen are firmly opposed to them. The failure of the Council to line itself up with other municipalities has been a disappointment to the City's delegates. It is due to indifference and to the pressure of other business.

Announcement that the Provincial Government had thrown its weight against the Company's Federal incorporation move was made in a wire received from the Government by Mayor Tisdall, of Vancouver, this week as follows: "In reply to your letter of the 27th I beg to inform you that Attorney-General Manson has already been instructed to oppose the B. C. Electric application."

No further negotiations will be carried on by the B. C. Electric Railway Company with the City of Vancouver pending the outcome of the Company's application for a Federal charter. Mayor Tisdall informed the Vancouver Council this week.

**SALMON INQUIRY
IN B.C. IS URGED**

New Westminster M.P. Asks Commons to Act

Attention Directed to Hatcheries and Conservation

Ottawa, April 6.—(Canadian Press)—W. G. McQuarrie, New Westminster, has filed a resolution asking the House of Commons to authorize the Committee on Marine and Fisheries to investigate the salmon industry in British Columbia coast and river waters.

Mr. McQuarrie's committee to consider the advisability of establishing hatcheries and to recommend a policy for the conservation of the industry.

Dairy Produce.

J. W. Kennedy, Glenarry-Stromont, has filed a resolution for the consideration of the House of Commons asking the House to affirm that it is desirable to recommend the standards be established for dairy produce but for the export and domestic trades.

**RECOMMENDATION
FOR A PARDON**

A. Paulson Heard at Vancouver Murder Trial

Vancouver, April 6.—Alex Paulson, sentenced to be hanged June 20 next for the murder of William F. Salisbury, Jr., on the night of April 12, 1921, was promised a recommendation for a pardon this morning in the assistance of Mr. Justice Murphy on the application of A. B. Macdonald, K. C., Crown Prosecutor, and J. Edgar Sears, Paulson's lawyer, on the understanding that the man would give his evidence against Allan Robinson, now being given a second trial in connection with the murder, in a straightforward manner and without coloring it against the accused man.

When Paulson was called to the witness box by the prosecutor, Mr. Sears made an application to the judge that Paulson be recommended for a pardon if he gave his evidence freely.

"I have instructed him not to speak unless he is given this undertaking," said Mr. Sears.

Mr. Macdonald made formal application that Paulson be recommended for a pardon, and after Mr. Justice Murphy had addressed himself to the prisoner, Paulson told of his meeting with Robinson on the night of April 12, 1921. He said he was about ten feet behind Robinson when he stopped Mr. Salisbury on Georgia Street. He said he did not hear Salisbury say anything when Robinson stopped him, but that he saw him swing his umbrella at Robinson and strike him.

CITY STAYS OUT OF STREET CAR FIGHT

Will Not Aid Government and Municipalities

Shelve Requests for Help to Block Move

While the Provincial Government and Mainland municipalities, led by Vancouver, have started a determined fight at Ottawa against the plan of the B. C. Electric Railway Company to have itself placed under the jurisdiction of the Dominion Railway Board and out of the jurisdiction of municipal bodies, the Victoria City Council is doing nothing on this issue. The Council has not lent its moral support to the efforts of the Provincial Government and the Mainland municipalities.

This was made clear at the City Hall to-day after the publication in The Times last night of a dispatch announcing the arrival in Ottawa of a delegation which will oppose the B. C. Electric Company's project before committees of the House of Commons. Repeated requests have come to the City to aid in the fight, but so far the City Council has given them very little consideration. The latest request of this kind is still on the Council files. Last Monday the Council dodged it by adjourning before the item could come up

Real Economy

The only real test of food is the nourishment it gives.

Some foods may seem economical because they cost little, but price alone is most misleading.

The true economy is to buy food for its body-building powers, and this is specially important in times of extra strain or stress, or when illness imposes any extra tax on the system.

Tested by the true scientific standard, Bovril is perhaps the most economical food in the world.

All the goodness of beef is in

BOVRIL

LABOR M.P.'S

SPOKE IN OTTAWA

Irvine and Woodsworth Addressed Labor Organization

Ottawa, April 6.—The labor viewpoint on the question of Parliamentary representation was expounded by the two Labor members, William Irvine, Calgary East, and J. S. Woodworth, Winnipeg Centre, who spoke before the rejuvenated Ottawa Independent Labor Party here last night. Both speakers urged that the workers be educated in political and public matters. They contended that governments were essential if labor was to be fairly treated in the matter of legislative reform.

Contrary to what seemed to be a belief in Eastern Canada, the Labor movement for representation in Parliament, they said, was not one fostered by the "Reds."

The Prairie members were held under the system of two old political parties, Labor's views and demands had not been given proper attention. If Labor could elect a sufficient number of members, then changes could be expected in economic conditions. Canada would not be ruled by a handful of rich men, they declared.

\$90,000 FIRE

IN MONTREAL

Montreal, April 6.—Twenty horses were burned to death and several hearses, cabs and a large quantity of stock, including coffins, boxes, silk and cloth ornaments were destroyed by fire of undetermined origin which partially burned the stables and sheds of the Societe Co-Operative des Fraix Funeraires here last night.

The damage is estimated at \$90,000, partially covered by insurance.

AMBASSADORS AT EVENT IN LONDON

London, April 6.—For the first time since the war the American and German Ambassadors to Great Britain sat at the same table last night, when Ambassador Harvey entertained Dr. St. Hamer, the German envoy, and twenty-three others in honor of Arthur T. Hadley, former president of Yale University.

MONEY PROVIDED FOR SERVICES

Interim Supply Bill Passed at Ottawa

Ottawa, April 6.—The Senate passed the interim supply bill yesterday afternoon and it was signed.

When it came before the Senate, Sir James Loughheed, Conservative Leader, pointed out the attitude of the Liberal Party during the past two sessions on similar measures. Premier King had been very emphatic in opposing the bill, yet in the present instance the Government had brought the bill into the Commons and asked its adoption without any preliminary discussion.

Sir James declared that the estimates were very misleading, and had attributed to the Government an economy which was not justified. Instead of their being a reduction in the main estimates there was a larger expenditure by at least \$10,000,000, and if the present expenditure was carried out, as shown in the supply bill, there would be an increase of more than \$50,000,000 over last year.

Senator Dandurand said the Government would welcome specific suggestions for a reduction of expenditure. The present session could not be called a time to pass the bill before the end of the fiscal year, nor was there time for the Ministers to make a thorough study of their departments.

The Senate adjourned until Tuesday, April 25, at 8 p.m.

MARRIAGE SERVICE

CHANGES URGED

Protestant Episcopal Prayer Book Revision in U. S.

New York, April 6.—Recognition of the changed status of women by striking from the marriage ceremony of the Protestant Episcopal Church of the United States (the counterpart of the Anglican Church) the promise to obey and eliminating the compulsory giving in marriage proposed by the Commission on Revision of the Book of Common Prayer in a report made public last night. Gaining equal rights with men in their marriage vows, however, the women would lose a special privilege now accorded them, for the proposal to change the ceremony also provides for striking out the bridegroom's pledge, "with all my worldly goods I thee endow."

The Commission's report, published in the form of a 230-page book and proposing more than 250 alterations and the inclusion of seven entirely new offices or forms of worship, will be submitted to the triennial general convention of the church at Portland, Oregon, next September. Under the constitution of the church it cannot be adopted until it has been approved by two general conventions, but members of the Commission hope that the changes finally ratified at the 1925 convention.

ITALIANS WANT CANADIAN TRADE

Measures Urged at Meeting in Milan

London, April 6.—At a meeting in Milan, Italy, of prominent business men and men engaged in industrial undertakings, for the purpose of promoting trade between Italy and Canada, says a Reuter's Milan dispatch. Cavaliere Ricciardi, Italian Consul at Montreal, described Canada's resources, development and trade, and said Italy should have a much larger share in Canada's trade than at present is the case. He urged the creation of an Italian-Canadian consortium to finance and develop the relations between the two countries, and advised the holding of a yearly exhibition of Italian products in Toronto.

Cavaliere Ricciardi said he hoped Italy would enjoy equal treatment with other countries in exporting to Canada. Speeches were also made by Chairman Falchi, of the Italo-Canadian Products, Montreal, and William Clarke, a Canadian commercial delegate, the latter promising the support of the Canadian Government in the proposed closer relations between Italy and Canada.

CANADIAN-FRENCH TRADE PROGRAMME

Series of Luncheons Arranged in Paris

London, April 6.—(Canadian Press Cable).—A Reuter's dispatch from Paris says that the Canadian Section of the British Chamber of Commerce in Paris, with the aim of promoting better trade relations between France and Canada, has inaugurated a series of monthly luncheons to be attended by business men as guests of honor. The first luncheon yesterday was in honor of Henri Lorien, Deputy for the Bordeaux district.

The chairman said it was hoped to gather together at monthly luncheons not only resident members of the Chamber of Commerce, but also Canadian business men, passing through Paris, as well as French and English friends interested in the work of the Canadian section.

Lieut.-Colonel Barrie, Canadian Trade Commissioner in Paris, declared that a revision of the French customs duties would be carried out in a few months' time and he hoped a new trade convention between France and Canada would be drawn up.

TWO RAILWAY WORKERS JAILED

Six Months for Causing Thirty Deaths in France

Paris, April 6.—Two railway switchmen yesterday were sentenced to six months in jail for responsibility for the rear-end collision last October in the Batignolles Tunnel, near the St. Lazare Railroad station, which caused the deaths of thirty persons and injuries to scores of others.

The two switchmen at first attempted to place the blame for the accident on a comrade in the next signal block who they claimed gave them a "clear" signal.

HEART WOULD BEAT LIKE A TRIP HAMMER

Heart trouble has of late years become very prevalent. Sometimes a pain catches you in the region of the heart, now and then your heart skips beats, palpitates, throbs, or beats with such rapidity and violence you think it is going to burst.

You have weak and dizzy spells, sinking sensations, are nervous, irritable and depressed, and if you attempt to walk upstairs or any distance you get all out of breath.

We know of no remedy that will do so much to make the heart beat strong and vigorous, to regulate its beat and restore it to a healthy normal condition as will

MILBURN'S HEART AND NERVE PILLS

Mrs. Chadwick, Delhi, Ont., writes: "I had palpitation of the heart, and the least exertion such as going upstairs or up a hill, my heart would beat like a trip-hammer and at times I was dizzy-headed and had a sinking sensation as if my time were near."

A friend suggested I try Milburn's Heart and Nerve Pills, so I procured a box, and by the time the first one was used I began to improve. In all I took six boxes, and now although in my 66th year I feel like a young girl; no dizziness or heart-thumping and can walk miles without fatigue. At time of sickness I weighed 120 lbs., now I weigh 150." Price, 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

SASKATCHEWAN HAS NEW CABINET

Dunning Ministry Took Office Yesterday Afternoon

Regina, April 6.—The new Liberal Ministry of Saskatchewan is composed of the following:

Hon. C. A. Dunning, M.J.S. Jaw County, Premier, President of the Council, Provincial Treasurer and Minister of Railways.

Hon. A. P. McNab, Saskatoon, Minister of Public Works, and Minister of Telephones.

Hon. S. J. Latta, Last Mountain, Minister of Education and Minister in charge of the Bureau of Publications and the King's Printer's Office.

Hon. C. M. Hamilton, Weyburn, Minister of Agriculture and Minister of Municipal Affairs.

Hon. J. A. Cross, Regina City, Attorney-General and Minister in charge of the Bureau of Child Protection.

Hon. J. G. Gardiner, North Qu'Appelle, Minister of Highways and Minister in charge of the Bureau of Labor and Industries.

Hon. J. M. Uhrich, Rosthern, Provincial Secretary and Minister in charge of the Bureau of Public Health.

Messrs. Cross, Gardiner, Uhrich are new Ministers.

The Cabinet was sworn in last yesterday afternoon. It succeeds the Martin Cabinet, Premier Martin having resigned.

While Mr. Martin had resigned as leader of the Government the previous day there was no interregnum, Mr. Martin continuing to act up to the time Mr. Dunning was sworn in.

New Ministers.

The office of Attorney-General, held by Mr. Martin, passes over to one of the new members of the Government, Colonel J. A. Cross, of Regina City, who will add to his work of supervising the newly-created Bureau of Child Protection, though like the Bureau of Publications, it will not become effective until May 1.

Hon. J. G. Gardiner, another new member of the Government, succeeds Hon. Charles Hamilton as Minister of Highways and takes over from Mr. Dunning supervision of the Bureau of Labor and Industries.

The Provincial Secretaryship which has been given to the third new member, Dr. J. M. Uhrich of Rosthern, was formerly held by Hon. W. E. Knowles, and upon the latter's retirement was temporarily held by Mr. Dunning. Dr. Uhrich also will have charge of the Bureau of Public Health, formerly supervised by Mr. McNab.

PORT AND RAILWAY TRAFFIC DISCUSSED

Resolution Affecting Preference Goods Withdrawn at Ottawa

Ottawa, April 6.—Hance Logan, Liberal, Cumberland, N.S., moved in the House yesterday afternoon that the British tariff preference should be confined to goods brought into Canada through Canadian ports. This tariff, he said, was strictly a domestic affair, and should not apply to goods from Great Britain entering Canada via foreign ports. Mr. Logan instanced the case of a British firm which had been requested to ship its goods to Canada via a Canadian port. The purchaser, however, received his goods via New York. This practice was one of the reasons for the present railway situation.

The railway companies would be glad to secure the extra business which would materialize if British preference was confined to goods entering Canada through Canadian ports.

—Canada for Canadians, and Canadian ports for Canadian produce, were both good policies, Mr. Logan did not intend to press his resolution to a vote because he could not expect the Government or the Minister of Finance to be committed at any stage before the budget was brought down.

The resolution was one of long standing, and had met with support from such men as Sir Wilfrid Laurier and Hon. W. S. Fielding, when introduced in the House.

The resolution was opposed by Progressive members on the ground that it sought to build up Canadian seaport at the expense of the interior.

John Evans.

John Evans, Progressive, Saskatchewan, dealt with tariff matters generally and the Laurier-Felding tariff of 1897 had not caused any loss to manufacturers, who had been enjoying protection. This resolution, he feared, would have the effect of completely corraling the consumers for already over-protected interests. It would have been more consistent to have advocated that all goods coming into Canada which were included in the free list or the intermediate tariff from the most favored nations should come through Canadian ports. He asked why Mr. Logan should single out the British preference.

Hon. J. B. Baxter, Conservative St. John and St. Albert, N.B., was glad to demonstrate, he said, the unity of character in some degree at least of the people by the sea whose attitude was neither selfish nor un-Canadian. It had become a national principle, a principle well expressed by the Sir Wilfrid Laurier, that every pound of Canadian freight should go through Canadian ports. Mr. Baxter stood there as a Conservative, not to endorse that principle, no matter what the origin of such a doctrine because he thought what

GARMENT WEEK

Angus Campbell & Co. Ltd.

Store Hours 9 a.m. to 6 p.m.—Wednesday 9 a.m. to 1 p.m.

GARMENT WEEK

A Noteworthy Showing of Spring Coats

Special for "Garment Week"

At \$32.50, \$45.00 and \$55.00

1420 DOUGLAS ST.

had said that he had been preaching this doctrine for twenty years and Mr. Crerar was connected with a large exporter of grain to Europe and it was found that the most favorable charters could be obtained for shipments through United States ports. The resolution sought to throw trade out of its natural channels and into artificial channels. This was not good for the country as a whole.

L. J. Ladner, Conservative, Vancouver South, declared that the national outlook must be considered rather than arguing everything on a basis of dollars and cents. It was necessary to acquire a broader outlook, and it might be necessary for one section to give away a little in order to help another section.

In closing the debate, Mr. Logan

he then withdrew his resolution, appealing to the Finance Minister to deal with them there in the budget speech, and the House adjourned.

KILLED BY TRAIN.

Moose Jaw, April 6.—Alfred Kendrick died in Providence Hospital here yesterday from injuries received when he fell under a C.P.R. train in Moose Jaw yesterday.

DELEGATION TO GO.

By reason of the personnel of the delegation that has been chosen to go to Ottawa and meet the Government in connection with the drydock it is not necessary to point out how desirable it will be for them to be prepared with all the information that is likely to be required throughout the exhaustive argument that can be expected to take place. As a Minister of the Crown in this Province, none the less by virtue of the important Department over which he presides, Mr. Hart will not be at a loss for tactics of approach upon a matter that is bound to take a highly controversial turn from more than one angle. Mr. Hall has had sufficient experience as a politician and parliamentarian to enable him to second the efforts of the Minister of Finance with ample purpose. Mr. Ivel's interest in local affairs and his bid for this seat at the general election will allow him to convey popular sentiment from the people as a whole. We add our expressions for success to the many that will follow the delegation on its journey.

WHAT WAS PREDICTED.

Nearly two years ago we expressed the opinion that there ought to be a market in Great Britain and Continental Europe for a type of cut-to-fit house that could be made in sections in British Columbia and shipped to the other side of the Atlantic. Agent-General Wade made a special trip to this Province in order that he might consult with the Government and discover the best means of capturing the market that presented itself at that time. It was even suggested that special shipping arrangements could be made and thus remove any obstacle that ordinary transportation facilities might have presented during the then uncertain state of shipping. And we pointed out long before the question had lost its force that if British Columbia failed to act on her neighbors to the South would discover the requisite enterprise. Adverse exchange rates very naturally delayed matters in the United States and the European market was, and still is, virtually closed to them for this sort of business. But the following dispatch from Seattle indicates how our neighbors have progressed in the Oriental market:

Ready-to-use houses are going across the Pacific to Japan at the rate of more than \$100,000 worth on every steamship. There is a big and growing demand there among business men and the better paid laborers for a good type of American home, and the ready cut dwelling shipped in sections, with patterns showing where to put part to part, just seems to fill the desire at present. The business grew out of a small shipment to the Orient of a portable garage for some of the royalty. The appearance of the neat, trim little houses aroused the curiosity of all who beheld them and an agent was sent to the Northwest lumber mills to have more cut and shipped there for dwellings. A Northwestern concern manufacturing portable, ready cut dwellings immediately sent a representative with a cargo of samples to Tokyo, and the result was a bunch of orders. The portable houses contain one, two, three, five and seven rooms, are complete with floors, windows, outside walks, lattice fences and elegant porches.

This market and a market in the Antipodes would seem to invite British Columbia to take a share in what appears to the layman to be something that would take the place of lumbering activity when Prairie buying—as it has been—is restricted. If the State of Washington can get this sort of trade it would be interesting to know why British Columbia cannot—or if she can, why she has not.

NOW AWAITS DECISION.

While Mr. G. G. McGeer, K. C., who has represented the Province of British Columbia in its appeal to the Board of Railway Commissioners for the equalization of freight rates, is naturally cautious in his predictions of the ultimate outcome of the controversy, he has returned to Vancouver in a highly optimistic frame of mind. He would not go even as far as to speculate upon the probability of the abolition of the mountain scale altogether; but he is of the opinion that his mission holds more than ordinary promise of success.

It can be set down at this stage that the Board must have been impressed with the vigor with which British Columbia's case has been presented if it does not choose to be convinced by the avalanche of argument to which it has listened. If it finds itself able to employ the next few months with a general digesting process without returning the verdict which this Province will expect, the people will know that the Board is indeed a "hard case."

COLLINS MUST DECIDE.

If it is true that the parties led respectively by Michael Collins and Eamonn de Valera are to meet during the coming week-end for the purpose of discussing a way out of the present explosive atmosphere there is hope that further serious clashes between the various factions may be averted. As matters stand at present the leader of the Provisional Government is being continually subjected to open challenge by the dominating influence who sticks to his "republican" guns. Either Mr. Collins must take full advantage of the powers with which he has been provided by the British Government—aided by the provisions of the pact entered into between Sir James Craig and himself—or he must expect to be snowed under by the malcontents.

The Daily Mail properly points out that the position in which Mr. Collins finds himself and the circumstances which confronted Kerensky furnish a perfect analogy. Kerensky endeavored to save the fruits of the revolution from the despoilers by masterpieces of eloquence and remained totally oblivious of the fact that his enemies were about to employ field pieces. His speeches were not devoid of psychological value; but they lacked the performance that was expected. And if Mr. Collins wants to capitalize a popular desire for permanent peace he should not hesitate to show that he possesses more than oratory. If he shall do that in time he will command the respect and co-operation of the people as a whole. Unless he possesses both, de Valera's task will be made considerably less difficult. He merely awaits the requisite amount of defection and the right moment to strike. Is Mr. Collins prepared to play second fiddle?

SILLY RUMORS.

If it could be arranged by common consent to declare a "closed season" for rumors purporting to suggest that this or that body is about to remove its headquarters from Victoria to some other part of the Province it might save a number of people a good deal of trouble and annoyance. Some imaginative individual without any foundation of fact seems to have taken upon himself the duty of informing the general public through a dispatch, which had the appearance of being sent from this city, that the C. P. R. contemplated the removal of its administrative branch of the coast steamship service from Victoria to the Mainland. Mr. D. C. Coleman has had to go to the trouble of informing the public generally that the announcement was a yarn without a shred of truth.

WHY WORRY?

Many of the London newspapers continue to harp upon the fact that Canada's newly-appointed High Commissioner is without a handle to his name. Some of the more democratic journals very naturally agree that Mr. Larkin's success in Canada can be regarded as a better business card than any artificial adornment that could be bestowed upon him. Others

cling to the old-fashioned belief that the High Commissioner might find his lack of title a social drawback. All of which may be answered by the reminder that Mr. Larkin is Canadian in London and such society as may choose to ignore Canada will not worry anybody very much. Meanwhile the Canadian Parliament has not changed its mind on this subject.

NOTE AND COMMENT

Victoria aldermen are examining cemeteries on the Mainland for the purpose of obtaining a few ideas. The ideas have relation to cemeteries only.

Yesterday morning Mr. Lloyd George persuaded six hundred thousand workers in Great Britain to negotiate with their employers and raise the lockout. We presume he said: "Next crisis, please."

Mrs. Asquith finds that the Americans are really nice people and that real friendship should always exist between them and the other branch of the family of English-speaking people. She can do a lot of good by preaching the gospel of Anglo-American friendliness on the other side of the Atlantic.

CARIBOO CAMPS TO BE ORDERLY

(Continued from page 1.)

have never been extensively prospected. It is obvious that many new discoveries will be made, for the whole of this section is rich in the yellow stuff. Practical miners are needed to make these new discoveries. Those hoping to make easy money by staking and selling to the highest bidder should stay at home.

Four miles from the Platt discovery on Cedar Creek, "Bill" Etheridge and "Tom" Bailey, formerly of Colusa, have a hotel. According to a letter to George C. Etheridge, of this city, a brother of the former, it is the intention of the proprietors to extend their hotel to care for the rush to the new goldfields. Fifty rooms are to be added to the hotel, which seats seventy-five persons at the dining table. The hotel has accommodation now for seventy-five persons.

TENSION GROWS AMONG THE IRISH

(Continued from page 1.)

to-day by men who damaged the furniture and removed all documents and propaganda literature. Valera at Meeting. Belfast, April 6.—Eamonn de Valera, during his visit to Londonderry, presided at a conference of the county committees appointed by the Ard Fheis to advise concerning the policy to be followed in Ulster.

County Donegal, where the "republican" leader is now, is the only portion of Free State territory in Northern Ireland in which he has secured a foothold and he seems to be making rapid headway there.

It appears from a proclamation issued by the officer commanding the second brigade of the first Northern Division of the "Irish Republican Army" that de Valera sympathizers in the brigade held a convention and decided to break away from the regular army.

Conference Report.

Dublin, April 6.—If there is any plan on foot here for a conference between the leaders of the Irish Free State party and the "Irish Republican" faction in an effort to bring about a peace agreement no one in a position to know these facts would be making rapid headway there. The London Herald, the Labor organ, of a report from the Dublin correspondence that the sides were able to see the need of peace and that a plan was in the making for a conference in Dublin between the Collins and de Valera parties, possibly during the coming week-end.

No Compromise Yet. In all quarters concerned it was stated that this was without foundation. It was pointed out that the personal relations between members of the opposing parties were in many instances cordial, that representatives of both sides sat together on the official board of the Sinn Féin organization and that there was no lack of opportunity for peace negotiations, but that thus far it was de Valera's side was able to see the possibility of a compromise.

The Free State, the official newspaper of the treaty party, which each week contains signed articles by members of the Provisional Government, prints in the current issue an estimate of de Valera's intentions.

De Valera's part in the little play he is staging is beginning to merge, it says. "The play may not be acted to a finish. For one thing some of the actors may yet repudiate their manager, but one may hazard a guess at the plot of the play as it seems to exist in de Valera's mind."

Arrested.

Dublin, April 6.—One hundred young men from Tralee, proceeding to Dublin to join the Free State army, were intercepted to-day at Mallow County Cork, where they were to change trains, by a strong party of "republicans." A clash occurred in which it is reported that one of the Free State recruits was wounded.

War on Goods.

Dundalk, April 6.—The war on goods made in Ulster continues. A number of armed men visited the railroad depots here to-day, held up the officials and ransacked and destroyed sixteen wagon loads of merchandise. All the newspapers from Belfast were seized and burned.

LETTERS

Letters addressed to the Editor and intended for publication must be short and legibly written. They must be accompanied by the name and address of the writer, but for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

CIVIC GRANTS

To the Editor:—At a meeting of representatives of the unemployed employed and delegates from various labor organizations held on April 2 a resolution was passed protesting against the City Council's action in voting the following sums of money to the parties mentioned: \$25,000 to the Victoria and Island Development Association; \$5,000 to the B. C. Agricultural Association; \$1,000 to the Y. M. C. A., making a total of \$31,000. The unemployed (having been informed that relief will have to be cut off on the 15th) on account of the stringency of money, consider these grants by the Council a contradiction of their own statements.

A. T. PURRY, Secretary, Victoria and District Unemployed Council, 123 Johnson Street, City, April 4, 1922.

ACKNOWLEDGEMENTS

To the Editor:—May I once again make an appeal for a little space in your paper to acknowledge on behalf of the members of the Victoria District Unemployed Council the following donations for the benefit of the unemployed?

Mrs. D. B. Christopher, Mrs. Craig, Captain Aitken, Mrs. Hurst, Miss H. A. M. Smith, Mrs. Fisher, and Mrs. McKenna, clothing, shoes, etc. Mrs. O. T. Goldsmith, one sack of flour and other provisions. Old British Fish and Chips, one sack of potatoes, and clothing from several anonymous friends. The B. C. Window Bakery continues to donate bread and pastry. These gifts are highly appreciated by the recipients, and help to alleviate the distressful circumstances so many find themselves in at the present time. Until more contributions can be made to make these appeals unnecessary we hope all who are in a position to do their utmost to assist the unemployed and their dependents.

A. T. PURRY, Secretary, Victoria and District Unemployed Council, 123 Johnson Street, City, April 3, 1922.

PRACTICAL ECONOMY

To the Editor:—Being a newcomer to this city, will ask pardon for space in your paper, but also being a civic taxpayer feel interested in the present discussion in Council, re taxing improvements. Firstly, have no axe to grind as have not the honor of knowing any member of our City Council, but believed and was assured at last election that a business man's slate carried, so far so good. Now, business men, you were elected as having sound business and economical principles, you constitute, let us say, the Board of Directors for the Corporation of Victoria. You discuss in your board room (and by the way let the discussion be strictly business without prejudice and personalities) the chief topic of interest to the corporation, namely, finances.

You have all increased figures, the balance sheet, before you and know that last year was a poor, well, yes, say bad year for the firm; profits shot in pieces, and revenue seriously curtailed; well, if this was so, one must expect lean years sometimes.

Now, you spend \$2,500 good money and send to Ottawa for a man to provide the remedy, when he can only tell you one thing, Mr. Chairman and Board of Directors. He casually will tell you to increase your tax, without any hesitation, economy says, pass the dividend, or to us, to us, to us, your resources, apply taxation where it is warranted, but cut expenses to the bone. The old system, or if you prefer single tax has not proved adequate to meet for condition with all due care and attention, the old scale, rather, and without any hesitation, economy says, pass the dividend, or to us, to us, to us, your resources, apply taxation where it is warranted, but cut expenses to the bone.

Now, you spend \$2,500 good money and send to Ottawa for a man to provide the remedy, when he can only tell you one thing, Mr. Chairman and Board of Directors. He casually will tell you to increase your tax, without any hesitation, economy says, pass the dividend, or to us, to us, to us, your resources, apply taxation where it is warranted, but cut expenses to the bone. The old system, or if you prefer single tax has not proved adequate to meet for condition with all due care and attention, the old scale, rather, and without any hesitation, economy says, pass the dividend, or to us, to us, to us, your resources, apply taxation where it is warranted, but cut expenses to the bone.

All taxes must be levied cautiously and impartially, in order not to kill the goose, etc., but as we all agree that work of the real honest-to-goodness kind is the only panacea for this restless old world, equally true is it that taxation alone is not the honest-to-goodness kind, is the speediest remedy for a depleted treasury. We are all proud of our beautiful city, then let us get together and be proud to meet our obligations, which after all, must be met.

DAVID H. WHYTE, 28 Douglas Street, Victoria, B. C., April 4, 1922.

GENOA.

To the Editor:—Again the eyes of the world are on Mr. Lloyd George. The continued menace of two million jobless workers in Britain is the motive force that is impelling Mr. Lloyd George to cast about for a solution to this problem. The task confronting him and his political adherents is now to create a condition for the employment of the unemployed.

He has been trying for a long time to bring about a European readjustment, but his chief obstacle has been, not Russia, but France. The national economy of France is somewhat different from that of industrial Britain, but such is not the case in the British Isles. Food supplied from abroad is necessary with England, as she is not capable of producing it all. To balance food imports Britain has usually exported larger quantities of manufactured products, than she imported food products, but such is not so at the present time and I will continue to show that it is to the very greatest advantage of England to have "Peace in Russia" and "Peace with Russia."

The demand for the products of British industries has fallen off to such an extent, that the Government

has to pay out approximately \$2,000,000, to feed the unemployed. This falls heavily upon the property class, who are now paying taxes to the extent of six shillings in the pound or about one-third of their income.

If industry could only be made to run full blast again, taxes could be reduced, the revolutionary menace removed, and the profits accruing from an additional 2,000,000 workers, would put the British manufacturers back on their feet again. France is financially bankrupt, all she has is promissory notes, due to her from conquered Germany; her problem is to collect. That is why she keeps a large army of occupation and threatens to force Germany to make good. This is good for France is bad for England as it has forced Germany to undersell England in world markets and take much of England's trade.

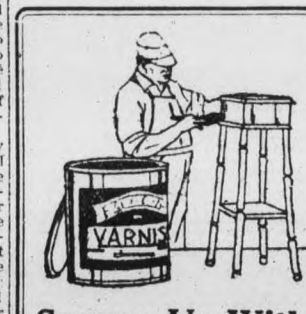

It was at Cannes that Mr. Lloyd George proposed an economic conference for the restoration of European trade. Into this conference, to be held at Genoa, the representatives of Germany, and Soviet Russia, were asked to attend upon an equal footing with the representatives of other nations.

We know that Premier Briand had to resign as a result of the storm of indignation brought upon him for accepting the terms proposed by Mr. Lloyd George. The French capitalists know they are playing with fire (and so do the British for that matter), but Europe is on the brink of economic collapse, and Lloyd George and his friends are reaching out to save others, such as Germany and Russia, not because they love them, "oh, dear no," but to prevent, if possible, themselves from being engulfed.

To get Russia restored to a sound financial position is Britain's only hope of getting back the lost trade of pre-war time, and if Britain is successful in diverting a large amount of German products into the Russian market, it will lessen the competition that is cutting the feet from under British trade in the world markets, in addition to furnishing Britain with an opportunity of speeding up production for the Russian market.

And then again, a general election is undoubtedly approaching in England, and there is not the slightest doubt in my mind that Mr. Lloyd George will make a political issue of the recognition of Soviet Russia, and he will win his point, for he will only look upon him in the light of a saviour, but all the influence of the manufacturing interests.

I am not surprised that France was

Spruce Up With VALSPAR

Doors and floors, tables and chairs, how fine they look after a coat of Valspar! Quick drying, long wearing, easy to apply—no wonder Valspar is the world's best varnish.

reluctant to meet Russia, at Genoa, and just why she has recently changed her views is problematical, for she is wringing from Germany the very utmost that Germany is capable of paying in the way of reparations and if Russia comes in with a similar demand upon Germany (which would have as much justification under the Versailles agreement as the present action of France), then the latter nation would be obliged to modify the demands in favor of Russia or take turn and turn with Russia in collecting.

When the Genoa Conference takes place, it will be an interesting spectacle to see Lloyd George, the leader of world capitalism, brought face to face with the leader of the world proletariat, Nicolai Lenin, who apparently holds the trump card, and the world awaits with interest the result of what will be the greatest battle of wits in our history. Who will win?

CHAS. HAPSBURG FUNERAL HELD

Body May Be Taken from Madeira to Hungary

Funchal, Madeira, April 6.—Fine weather marked the funeral of the late Charles Hapsburg, former Emperor of Austria-Hungary, yesterday. The coffin, covered with the old Austro-Hungarian flag and smothered with flowers and wreaths, was conveyed to the temporary mausoleum erected in the parish church. The ceremony was impressive, and was attended by the representatives of the Hapsburg family, and their companions. The service was conducted by the Bishop in full robes and his attending clergy.

The route to the church was lined with people, and nothing but respect was shown as the procession passed. A plaster cast of Hapsburg's features was made Tuesday by a Portuguese artist.

A Funchal dispatch yesterday said it was expected the body of Charles Hapsburg eventually would be sent to Hungary.

Every line of advertising is a Service-value to readers.

WILL APPEAL TO PUBLIC TO HELP I.O.D.E. MILK FUND

Dr. O. M. Jones Chapter Supplying 1,000 School Children Daily

While medical opinions on the subject of various foods may change with the passing years, the supremacy of milk as a food for growing children has never been questioned or challenged. Its beneficial effects on the mental and physical well-being of a child have been observed with much interest by the Dr. O. M. Jones Chapter, I.O.D.E., which at the present time is supplying about one thousand children in the city public schools with milk.

Milk is distributed through the Chapter daily to every public school in the city. Those children who are undernourished as a result of the inability of their parents to provide them with proper food, receive free milk provided by the Chapter's funds and the heavy drain on the Chapter's resources have so reduced its exchequer that an appeal will be made in the streets on Saturday.

Since the Chapter inaugurated this great work, applications have been made on behalf of a number of children of parents in more fortunate circumstances and a system has been established under which these children receive a daily supply of milk for a nominal charge. At the Sir James Douglas School, which is but one of the many schools included in the Chapter's scheme, about two hundred children receive the milk each day at 10.45, prior to the morning recess. It is distributed in individual bottles together with straws to each child.

Only the purest whole milk is distributed, the supply coming from Patterson's farm at Keating which is open to inspection at all times. The milk is also inspected and tested regularly by Dr. Price the health officer.

For Saturday's tag-day the headquarters will be at the I.O.D.E. rooms Jones Building, and taggers are reminded to call for their boxes on Friday afternoon between the hours of 3 and 5.30 or on Saturday morning from 8 o'clock onwards. It is hoped that the public will respond generously to this appeal on behalf of the little ones of the city.

HOTEL ARRIVALS

Social & Personal

Mrs. W. L. Clay has returned to Victoria, after visiting in New Westminster and Vancouver.

Mrs. Shepherd, who has been visiting her mother, Mrs. P. Wollaston, Oak Bay Avenue, left this afternoon for her home in Kelowna, B. C.

Mr. and Mrs. Jamie Cameron returned yesterday from Vancouver, where they had been spending a short holiday as the guests of Mr. and Mrs. Gowen.

Mr. and Mrs. A. W. Lucking, of Kisbey, Sask., who have been wintering in Victoria, left a few days ago for Ennis, Ont. On their return in September, they will take up their residence in this city.

Capt. and Mrs. Douglas, who have been spending the past six months in Scotland, have returned to the city, and are guests at the Oak Bay Hotel until Saturday, when they will leave for their home at Cowichan Lake.

After the decided hull in social activities of the past few weeks, the announcement that the management of the Empress Hotel has arranged a supper-dance for Saturday evening will be received with acclaim, and it is anticipated that there will be a large attendance of the dancing set. An attractive programme has been arranged by the hotel orchestra and dancing will commence at 9 o'clock.

Mr. and Mrs. C. P. Hill entertained at a delightful dinner party at their home on St. Charles Street last evening. Covers were laid for fourteen, the guests including His Honor the Lieutenant-Governor and Mrs. Nichol, Mrs. Robert Rogers of Winnipeg, Mr. and Mrs. Russell of Winnipeg, Mr. Harry Bullen, Mr. W. Taylor, K. C. Mr. and Mrs. Hammond, Mr. and Mrs. H. J. Wilson and Mr. R. F. Taylor.

Mrs. H. W. Hudson, Creelman Avenue, Vancouver, entertained at a delightful tea on Monday in honor of Mrs. Sears of Victoria, Mrs. Kitson of Saskatoon, and Mrs. Atkinson of Victoria. Vocal numbers given by Mrs. Forbes during the afternoon were very much enjoyed. Other invited guests were: Mrs. P. G. Shallose, Mrs. J. Edward Sears, Mrs. Lee Harburt, Mrs. W. H. McBeth, Mrs. D. S. Kilgour, Mrs. C. E. Forbes, Mrs. Victor Creeden, Mrs. E. Hall and Mrs. A. Townsend.

A profusion of pale pink roses were used in the rooms at the home of Mr. and Mrs. P. G. Shallose, who entertained yesterday afternoon at a reception in honor of Right Hon. Auckland and Lady Geddes. The tea table was decorated with tulips. Presiding at the urns were Mrs. Edward Mahon and Mrs. T. W. B. London. Those invited to meet the distinguished visitors were: Sir Charles Piers and Lady Piers, Sir Charles Tupper and Lady Tupper, General and Mrs. A. D. McKee, Mrs. Sweeney, Miss Dorothea Sweeney, Mrs. Lefevre, Mr. and Mrs. Norman Lang, Dr. and Mrs. Francis Ewing, Mr. and Mrs. Henry Bell-Ising, Mr. and Mrs. Edward Mahon, Mr. and Mrs. E. P. Davis, Mr. and Mrs. F. W. Peters, Mr. and Mrs. Julius Griffith, Mr. and Mrs. Maude D. Hamilton, Mr. and Mrs. Eric Hamber, Mr. and Mrs. Grange V. Holt, Mr. and Mrs. T. W. B. London, Mr. and Mrs. E. J. Enthoven, Mr. and Mrs. J. A. MacMillan, Mr. and Mrs. Fordham Johnson, Col. and Mrs. A. E. Griffin, Dr. and Mrs. B. D. Gilles, Lieut.-Col. and Mrs. J. H. Smith, Mr. and Mrs. F. C. Walker, Mrs. Edwards and Miss Ella Bowman.

A most delightful miscellaneous shower was given by Mr. and Mrs. W. Orme, 1945 Queen's Avenue, on Thursday evening last in honor of Miss Florence Hall, who is shortly to be married. The rooms were tastefully decorated with violets and carnations, and the evening commenced with a most enjoyable programme of music given by Mr. J. H. W. Findler and Mrs. W. Johnston. During the evening, to which she responded with a little speech. Refreshments were then served a la buffet. The guests included Mrs. Aitken, Mr. and Mrs. W. Johnston, Mr. and Mrs. G. W. Whitworth, Mr. and Mrs. Stuart Robertson, Mr. and Mrs. Hogarth.

In this visit to this city of the famous trio, Leo and Michel Chernavsky, there seems to be no diminution either in popularity or attendance in their recitals. Again last evening at the Empress Hotel ballroom was there a large, enthusiastic audience who throughout the evening gave unstintingly and unmistakably of their appreciation. In every moment there was enjoyment and complete satisfaction. These artists, as they themselves are modestly aware, say that not in all the world can there be such a happy combination of a constantly together in thought, purpose, practice, experience, style and travel, and possessing with additional numbers, in vitality and in the blending of their virile individualities into a glorious unity, all combined, are, perhaps, unsurpassed and certainly a source of wonder to their hearers.

First Concert Since Naturalization. En passant, too, the occasion marked their first concert in the Dominion since they became naturalized Canadians a few days ago, and to the capital city belongs the distinction. Their home town is now Vancouver.

In the well selected programme it was fitting that their compatriot, Anton Arensky found a place. This Russian composer nearly approaches the great Tchaikowsky that the Russian young Russian school, and his trio, the D Minor, Op. 32, written in typical rather than dramatic style, was given a perfectly delightful interpretation, albeit at times, perhaps, there were manifestations of exuberance of spirit. Their second trio, "Indian Love Song" (L'Inde), and "Norwegian Dance" (Grieg), was excellent in non-narrative and contrast at the conclusion of which the brothers received prolonged and rapturous applause from all present.

Leo, Michel and Jan, violinist, cellist and pianist respectively, took for their solo the "Violin Concerto No. 4" by Vieuxtemps; Tchaikowsky's "Rococo" variations, and (a) "Chaconne" (Chopin), (b) "Scherzo in B Flat Minor" (Chopin), in which each received tremendous applause and many bravos, and each responding with additional numbers, the accompaniments to the string soloists delightfully and sympathetically played, being in the hands of Alex Czerny.

The men and women who profit most by store offerings are those who read the advertisements faithfully.

PLANS PROGRESS FOR BIG ANNUAL DAFFODIL TEA

King's Daughters Complemented on Duncan Hospital Equipment

At the monthly meeting of the King's Daughters held in the rest room yesterday afternoon further plans were made for the annual daffodil tea which is to take place at the Empress Hotel on April 19. The conveners of the various committees gave satisfactory reports as to their progress. Mrs. McMicking stating that ten entries had already been received for the decorated tables competition. Mrs. Gardiner, Mrs. Playfair and Miss Jean Roberts donated prizes for this competition, and Mrs. Gardiner was added to the prize committee.

Madame Valda was present at the meeting and kindly offered to arrange a costume dance by herself and her pupils. The Empress orchestra will also be in attendance at the affair. It was requested that all who are donating flowers for sale kindly leave them at the Hotel on the morning of April 19.

Mrs. L. H. Hardie, the President, who was in the chair, reported for the King's Daughters Hospital to which she paid a visit last month. At that time sixty-seven patients were being cared for in the institution. Miss Randall of the B. C. Graduate Nurses' Association visited the Hospital and spoke very highly of the training the nurses were receiving and complimented the King's Daughters on the excellent work in which the equipment at the Duncan Hospital was maintained.

The report of the rest room at yesterday's meeting showed that it had been open on 27 days last month, with 2,329 persons served. The various Circle gave satisfactory reports of their work, which included the making of garments for the poor and for the Orphanage, and the supplying of layettes and fuel to needy families.

BASTION CHAPTER AT NANAIMO PREPARES PLANS

(Times Correspondence.)

Nanaimo, April 4.—Mrs. Harold Smith and Mrs. Kelly were elected members of the chapter.

Miss Dobson and Mrs. T. Spencer were appointed delegates to attend the annual meeting of the Provincial Chapter, I. O. D. E., to be held in New Westminster, April 27 and 28.

The officers are organizing a "primrose bridge," to be held on April 19 at the home of the Regent under the auspices of the chapter.

The amount cleared from the production of "Mr. Pim Passes By," was \$114.78. This sum will be handed over to the Library Board.

Under the auspices of the chapter the pupils of Miss Ursula Dobson will give a recital in Young's Hall Thursday, May 4. The dance and costumes will be very attractive. Several favorite local artists will assist.

On Friday, May 5 in Young's Hall there will be a flower festival.

Mrs. Fahey will give a concert in Nanaimo Thursday, May 18 under the auspices of the chapter.

The regular monthly meeting of the Canadian Red Cross Society was held in the Oddfellows' Hall last evening. A letter was read from Mrs. Leighton asking for a donation for the Sir Arthur Pearson War Memorial on behalf of the Bastion Chapter, I. O. D. E. The matter was tabled until the next meeting.

A donation of \$31.70 was received from the Nanaimo public schools for the charity ball fund.

Mrs. L. McQuade, convener of the charity ball reported that the public was responding greatly to appeals for material for the ball, and that arrangements were practically completed.

A communication was received from Mr. Martin, supervisor of public schools, asking that a portion of the receipts of the Mikado production be donated to the school gymnasium. It was finally decided to divide the money between the Red Cross Hospital fund and the gymnasium. A membership service pin, and committees were appointed for the Mikado.

La Diva

Merely "Plump" For Every Figure
seems "Slim" and "Stout" becomes a "pleasing Fullness" by wearing No. 692 La Diva Corset—

La Diva Corsets always offer the very latest styles and this season's models are extremely pleasing.

COUNCIL DISCUSSES

CLEAN UP DAY

To Take Opinion on Sunday Games

(Times Correspondence.)
Nanaimo, April 4.—During the week commencing May 1, citizens of Nanaimo will be asked to clean up. At last night's meeting of the Council Alderman McCue suggested that the city inaugurate a "Clean Up Week" seeing that doctors were holding health talks and other steps were being taken in this direction. During the week in question everybody will be requested to see that their own premises are made clear of all rubbish. Alderman Smith suggested that the question of Chinamen and others visiting the ravine and rummaging through the trash, etc., which had been thrown there should be taken up. He suggested that action should be taken not only to stop these people from rummaging but also prevent the dumping of such articles in the ravine.

Sanitary Inspector Murdoch was asked with regard to the matter and he stated that in his opinion this condition would prevail during "Clean Up Week" when many citizens would clean up their own premises and dump the rubbish on the nearest vacant lot.

A public meeting will be held tonight in the Oddfellows' Hall when the question of a public nurse for Nanaimo will be discussed. The meeting will be addressed by Dr. Young, Provincial Health Department, and Mrs. McLachlan, Provincial Secretary of the Women's Institute. Dr. W. Drysdale will act as chairman. The establishment of a public nurse in this city is a question which has been urged by the Public Health Department and also by the local health authorities.

Citizens of Nanaimo will be glad to express their views on the question as to whether the City Council should grant permission for games to be played on the Cricket Grounds on Sundays and the question on the matter will take place April 20. Citizens will also be asked to say whether they are in favor of daylight saving. All electors in the city will be asked to sign a petition for the municipal register will be allowed to vote and any one producing a receipt for the poll tax will also be given the franchise.

Alderman Barsby brought the matter up, he declared that he was not trying to stop football on Sunday and merely wished the people, who were the owners of the park, to say whether it should be used on Sunday. Alderman Randle objected to a vote being taken on the matter and the football players should not be stopped and other sportsmen allowed to continue their pleasures on Sunday. Alderman Randle declared that Alderman Barsby was catering to class. If a vote is to be taken he asked that every citizen over the age of 21 should be allowed to vote. He held that the closing of the Cricket Grounds on Sunday would only affect football.

On a vote taken the motion carried to three votes to two.

A motion was passed by the City Council last night calling upon the Mayor to call a public meeting on April 10 for the purpose of making arrangements for the May 24 celebration.

Basketball scores:
School team A, 8; school team B, 0; school team D, 1; school team C, 1; Senior girls—Foresters, 6; Davenport, 15; High School, 7; Haliburtons, 0; Junior Boys' League—High School, 13; All-Stars, 17.

Mr. and Mrs. Jas. Aitken, Irwin Street, will give their golden wedding on Thursday evening in the supper room of the Oddfellows' Hall. Mr. and Mrs. Aitken are old timers in this city and have a large number of friends. The children, grand children and great grandchildren will be the hosts and hostesses Thursday evening.

The Provincial Minister of Public Works, Dr. Sutherland, is to visit the city in a couple of days in company with his chief bridge builder for the purpose of inspecting the South Forks Bridge, according to a statement made by Alderman Russell, who is at the Council meeting last evening.

MANY ATTENDED

ALBERNI FUNERAL

Late Mrs. Taylor First White Woman in Valley

(Times Correspondence.)
Alberni.—The funeral of the late Mrs. C. Taylor, 85, was one of the largest in the history of this community. The services at the house and at the graveside were conducted by Rev. H. A. Bain. The following acted as pallbearers: Messrs. J. M. Thomson, W. Swanson, A. H. Blake, H. H. Hill, P. Myrman and G. A. Spencer.

The death of Mrs. Taylor occurred at the family residence after a short illness. She was in her seventieth year and was very popular in the district.

The late Mrs. Taylor was the first white woman to settle in the Alberni Valley, having been a resident ever since she came here in 1884 from Edinburgh, Scotland, where she was born in the year 1852.

She leaves to mourn her loss, the widow and one son, Ald. C. Taylor, Jr.

Horticultural Society.
At a meeting held in the court-house a Horticultural Society was formed with the following officers: President, Dr. C. P. Tilton; vice-president, Mrs. H. M. T. Hodgson; secretary-treasurer, Mrs. E. B. Garrard; executive committee, Mrs. A. G. Freese, Mrs. M. Campbell, Rev. H. A. Bain and E. M. White.

It was arranged to hold a daffodil show in the new Clarke Hall on Friday, April 28, at 3 o'clock, followed by a dance. Various committees were struck to look after the arrangements necessary for the holding of a successful show.

Later on it is planned to hold a

tulip show, also a sweet pea display in their respective seasons.

W. G. McIntyre recently disposed of his general store to Messrs. Carter and Murray, of Vancouver.

The B. C. Telephone Co. is contemplating an extension to its system by the construction of a line up to the Cherry Creek Valley. This will prove of immense value to the residents of that flourishing section of the community.

In the account of the Community Bazaar held at Alberni last month, the thanks of the club to ladies who so ably assisted by providing a community dinner were inadvertently omitted. This feature was one that entailed considerable work on the part of the ladies, and was very much appreciated and enjoyed by all.

J. T. Ross, who was confined to his home for two weeks with sickness, is out and around again.

CANADIAN ROVER

LOADS LUMBER

Makes Call at Sidney for Southbound Voyage

(Times Correspondence.)

Sidney, April 5.—An epoch in the maritime history of Sidney took place Tuesday morning, when the S.S. Canadian Rover, owned by the Canadian Government Merchant Marine, with Capt. A. Forson, senior in command, made her initial call at Sidney for the purpose of loading some 30,000 feet of lumber and 300,000 lbs. of fish for the California coast, and as she draws about 25 feet and came in without difficulty it bears evidence that the depth of water in Sidney Harbor is sufficient for all its immediate purposes. It is likely that this is only the beginning of this service to this port, as other ships are expected to be made to California ports soon. From Sidney the Canadian Rover shipped to Union Bay, where she is to coal up, then to Powell River to take on a cargo of paper and also to Port Alberni, where she is probably going to load more lumber. She then clears to San Pedro and San Francisco, where she delivers her consignments. Coming from Vancouver she will bring a cargo of fruit for the market here. Owing to the fact that business on the coast in the shipping line is on the upward grade and lack of shipping facilities, the Canadian Rover is seriously thinking of transferring some of her cargo to the S. S. M. ship from the Atlantic where trade is slack to the Pacific a move that will meet with national approval. Mr. Stewart of the end of the Canadian National shipping staff was in Sidney overlooking the loading of the Rover.

Mr. H. R. Murphy, of Chilliwack, B. C., and Mr. W. V. Jones, of Victoria, were in Sidney Wednesday on business.

A meeting was held in Berquist Hall Monday night and a corps of Girl Guides was organized under the leadership of Miss Rosie Matthews, of Sidney, as Guide Mistress. A membership of ten to begin with was considered quite satisfactory. The work of the Girl Guides is a counterpart of that of the Boy Scouts and the two organizations have much in common, i.e., the healthy development of the body, soul and mind. Mr. Victor Goddard, the energetic scout master of the Boy Scouts of Sidney and Mr. Gordon McLean, an ex-scout master of Victoria, were present and added much to the evening's business programme. It is expected that the Girl Guides of Sidney will take quite a list of new members.

The Friendly Club of Victoria to the number of five couples and joined by about 150 guests, enjoyed a splendid time at a dance given by that club in Berquist Hall Sunday night. The dancing was supervised by the club and a very efficient master of ceremonies, and as Hunt's orchestra who were up to their usual high standard, the evening was a great success. The supper served at midnight was both tasty and complete and added further to the evening's enjoyment.

W. Hyslop of Evans, Coleman & Evans, of Victoria, visited the Sidney made by Island Brick and Tile Co.'s plant on Tuesday.

Tom Withers and A. Watson of the well known firm of piledrivers Messrs. McDonald, Watson & Withers, were in Sidney Tuesday afternoon.

The Royal William Canning Co., of Roberts Bay, received a large shipment of crabs, many Indian launches bringing them in on Tuesday.

The S.S. Rover, Capt. Gibson in the service of the King Piledriving Co., of Vancouver, put into port Tuesday for supplies and orders on the way to William Head from Peter Island where they have been repairing the Government wharves. The Rover had the piledriving dredge and scow in tow and left again during the day for Victoria.

Mr. John Mitchell, of Victoria is a guest at the Sidney Hotel for a few days on a holiday trip.

SAN FRANCISCO TONNAGE

San Francisco, April 6.—Ship tonnage figures through the port of San Francisco for March showed a decided increase over the preceding month, and shipping men say the indications are getting back to normal. A grand total of \$16,268 tons of shipping arrived at this port in March. That was an increase of 68,556 tons over the preceding month. Tonnage departure for March totaled \$18,812 tons, as compared with a February total of 729,725.

SAILER S. F. TOLMIE IS RETURNING IN BALLAST

The wooden barquentine Simon F. Tolmie, Capt. J. C. Stewart, sailed from Kobe on Tuesday for this coast in ballast, according to word received by the Canadian Government Merchant Marine, Ltd., operators of the vessel.

The S. F. Tolmie completed her maiden voyage to the Orient in February, when she arrived at Kobe with a cargo of British Columbia lumber.

MAKURA NOW DUE SATURDAY MORNING

Inbound Canadian-Australasian Liner Has 350 Passengers Aboard

The Canadian-Australasian liner Makura, with 350 passengers aboard, is scheduled to make her starting at 8 o'clock Saturday morning, according to information given out this morning at the local offices of the Canadian Pacific Railway. The Makura is coming with one of the largest lists of passengers she has carried since last Fall, there being 347 all told on the inbound ship. She has 167 saloon, 108 second class and 72 third class passengers. Sixty-five passengers, made up of 30 women and 35 men, are in the ship. She will disembark here.

The Makura sailed from Honolulu at an early hour last Sunday morning and she is making good time under fair weather conditions, according to the latest advices. She picked up some travelers at the Hawaiian Islands, and the majority of her passengers are from Australia and New Zealand.

The cargo of the Makura includes large shipments of frozen mutton and butter in her refrigerator space. The Makura is in touch with the Coast stations. At midnight Capt. Robert Crawford picked up the Estevan Point station and reported 838 miles from Victoria.

SEATTLE PORT NEWS

Seattle, April 6.—Lease of the southern portion of the Patterson MacDonald shipyard by the Western Pacific and Steel Company of San Francisco for the construction of a large steel plant, where it is said approximately 250 men will be employed, has been virtually completed, according to an announcement of H. G. Teller, general manager of the company, made through a real estate firm here. The plant is designed to manufacture the steel pipes which will be used in the construction of the city's sixteen-mile Swan Lake pipe line.

The French liner Montana, Captain Burose, has cleared for Europe via Vancouver, B. C., and ports. She carried 7,000 cases of canned salmon, 300 long tons of wheat, and 4,000,000 feet of lumber from here. She will be followed by the steamer St. Louis, due April 27. The latter ship will be the first of the French line vessels to take Pacific Coast cargo to Bilbao, Spain, according to the announcement of Louis Prud'homme, traveling agent for the company, who will make the trip from here to the Panama Canal on the St. Louis.

The Norwegian steamship Antenor, fully laden for Australia, left Port Angeles yesterday, according to word received here by the General Steamship Company.

The liner Alameda, Captain Julius Johanson, sailed for Alaska yesterday with Governor Scott C. Dene and Col. Frederick Meats, chairman of the Alaska Engineering Commission, aboard as passengers. The Alameda, which has recently been overhauled and re-fitted is equipped with wireless telephone service so that passengers may receive the benefit of shore broadcasts.

The General Petroleum Corporation's tanker Yorba Linda, after towing the oil barge, Falls of Clyde, from the South to this port, left yesterday for San Diego.

WELCOME NEWS FOR TRAVELERS

Cheap Summer Excursion Rates Published.

Mr. F. O. Finn, Local Agent of the Chicago, Milwaukee and St. Paul Railway, 502 Government, has today received information giving the Summer Tourist rates which will apply from Victoria to all Eastern destinations, commencing on May 25th and good for return until October 31st.

The new rates represent a great reduction in the present fares and will enable many to visit both the Old Country and Eastern Canada and the United States.

The rate to Toronto will be \$113.75; Montreal, \$132.75; Chicago, \$86.00; St. Paul and Minneapolis, \$72.00; New York, \$147.40; Boston, \$159.50.

HAWAII MARU WILL REACH QUARANTINE ON FRIDAY NIGHT

The Osaka Shosen Kaisha liner Hawaii Maru will reach Wharfed Head Friday night, it was announced to-day by Rithet Consolidated, Ltd., agents for the Japanese line. The ship will come alongside the Outer Wharf early Saturday morning.

The Hawaii Maru has 43 steerage passengers for Victoria, and 12 cabins, 14 second class and 53 steerage for Seattle.

Canadian National Railways—Old Country passengers who are particular as to the kind of treatment they receive are using the "Continental Limited" electric-lighted, all-steel train across Canada, carrying drawing room, compartment, observation cars and standard tourist sleeping cars. Reservations and all details arranged. Tourist and Travel Bureau, 911 Government Street.

SIAM'S SPACE TAKEN

Five thousand tons of wheat, flour and lumber will be loaded on Pagsang for London, Hull and Hamburg by the Danish motorship Siam, which is due at Tacoma this week with 3,000 tons of copper ore and nitrates from South America.

SHIPPING NEWS

FROM DAY TO DAY

Majestic on Trial Averaged Speed of Twenty-Three Knots

Cuxhaven, Germany, April 6.—The liner Majestic, which before its purchase by the White Star Line, was called the Bismarck, returned to port here yesterday from a six-hour trial spin in the North Sea. She developed an average speed of 23 knots and developed 68,000 horsepower.

She will be given finishing touches and then will be turned over to her English owners.

SAILORS HAD MORE THAN THEY COULD SPEND IN HAMBURG

Traditions of Sea Could Not Be Maintained by Men of SS. West Nilus

Vancouver, April 6.—Seamen on board the Admiral Line sugar ship West Nilus look back with regret to Hamburg. In the experience of every sailor on the ship, Hamburg now stands out as a pronounced exception in life. Though the crew had several days in that port on the voyage just completed and had beer, clothes, shoes and the other usual channels open for expending their money, they could not get rid of the piles of marks. The supercargo, Mr. Paris, went ashore with \$1,300 in American dollars to get German money to pay off the crew. He was given 24,000 marks, mostly in 50-mark notes. His suitcase and his dispatch bag were filled and he was forced to carry a bulky parcel of cash wrapped in a newspaper under his arm.

Beer cost two to three marks a glass—big long bootleg schooners—with machine guns and high explosives, twenty three Federal Government patrol boats in this summer will wage war on the sea lions and hair seals, which have for years been destroying the salmon of the Fraser River and the Gulf of Georgia and other fishing grounds, it is announced.

The B. C. Cannery Association will unite with the Government in doing everything possible to rid the coast waters of these pests. It is stated, and to protect the depleted salmon run. A meeting will be held by the Association on Friday afternoon to make plans for a wholesale destruction of the animals.

ARMADA OF MOSQUITO CRAFT TO WAGE WAR ON DESTRUCTIVE SEALS

Fleet of Government Patrol Boats Will Be Armed With Machine Guns

Richmond, B. C., April 6.—Armed with machine guns and high explosives, twenty three Federal Government patrol boats in this summer will wage war on the sea lions and hair seals, which have for years been destroying the salmon of the Fraser River and the Gulf of Georgia and other fishing grounds, it is announced.

NEW APPOINTMENT.

San Francisco, April 6.—S. F. Booth has been appointed assistant general freight agent of the Pacific Mail Steamship Company with headquarters in the general offices in this city, according to announcement to-day by Claude King, general freight agent of the company. Booth is well known among transportation men in the west.

TIDES AT VICTORIA

The rate to Toronto will be \$113.75; Montreal, \$132.75; Chicago, \$86.00; St. Paul and Minneapolis, \$72.00; New York, \$147.40; Boston, \$159.50.

HAWAII MARU WILL REACH QUARANTINE ON FRIDAY NIGHT

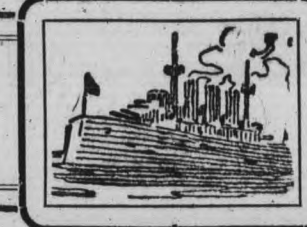

The Osaka Shosen Kaisha liner Hawaii Maru will reach Wharfed Head Friday night, it was announced to-day by Rithet Consolidated, Ltd., agents for the Japanese line. The ship will come alongside the Outer Wharf early Saturday morning.

The Hawaii Maru has 43 steerage passengers for Victoria, and 12 cabins, 14 second class and 53 steerage for Seattle.

Canadian National Railways—Old Country passengers who are particular as to the kind of treatment they receive are using the "Continental Limited" electric-lighted, all-steel train across Canada, carrying drawing room, compartment, observation cars and standard tourist sleeping cars. Reservations and all details arranged. Tourist and Travel Bureau, 911 Government Street.

SIAM'S SPACE TAKEN

Five thousand tons of wheat, flour and lumber will be loaded on Pagsang for London, Hull and Hamburg by the Danish motorship Siam, which is due at Tacoma this week with 3,000 tons of copper ore and nitrates from South America.

NAME WILL BE SWITCHED TO SHIP OF NEW FLEET

SS. Celestial, One of Four New Freighters, Will Be Named Melville Dollar

One of the new freighters purchased recently by Capt. Robert Dollar, the Celestial, will be renamed Melville Dollar in place of the old Melville Dollar, which has just been sold to the Kishimoto Kaisha. New names have been selected for all four of the Chinese-built freighters. The Celestial, which will be assigned to the regular world service of the Robert Dollar Line, will be the new Melville Dollar. The Mandarin will be the Stuart Dollar, the Gracie the Margaret Dollar, and the Cathay the Diana Dollar.

The Melville Dollar, sold to Japanese interests, was the oldest ship of the Robert Dollar fleet. She was built at Glasgow in 1905 at a cost of \$185,000. The Melville Dollar will make one more trip from this coast with lumber, before she is turned over to her new owners. Her return schedule will be taken by the Stuart Dollar.

VESSEL MOVEMENTS

Arrived.

NEWS IN BRIEF

Returns of Clearing House.—The Victoria Clearing House returns for the week ending to-day were \$2,064,192, as compared with \$2,008,828 in the corresponding week of 1921.

Dominion Lodge I. O. O. F.—The regular weekly meeting of the Dominion Lodge No. 41 I. O. O. F. will be held to-night. The initiatory degree will be conferred and all members are requested to attend.

Western Scots Association.—A meeting of the members of the 67th Battalion, Western Scots Association will be held in the quarters of the Amalgamated Veterans' Association next Tuesday at 8 o'clock.

Centennial Forum.—Rev. Mr. Sharpe will be the speaker at Sunday's meeting of the Centennial Methodist Forum which will be held at 2:30 o'clock in the afternoon. The subject of the address will be "The Kingdom."

A. O. F. Celebration.—The ladies of Court Triumph will hold a flower march and old-time social at the conclusion of their meeting in the A. O. F. Hall to-morrow evening, in honor of the Brothers' seventy-eighth birthday.

Scottish Daughters.—The Scottish Daughters' League of Esquimalt will be the hostesses at a social and dance to be given at the Sailors' Club on Friday evening. Good music will be provided for dancing.

Plan Whist Drive.—The Women of Mooseheart Legion have arranged to hold a whist drive in the R. of P. Hall, North Park Street on Monday evening next. The game will commence at 8:30 and good scrip prizes will be given.

Rev. W. P. Goard to Speak.—Rev. W. P. Goard, F. R. G. S., will speak again this evening at the Congregational Church, Quadra Street. His subject will be "The Growing Conviction Within the Nation of the Lord—Return, and His Reign on Earth."

Ward Five Liberals.—A meeting of the Liberal Club at 8 o'clock to-morrow evening at which a full attendance of members and their friends is requested. The ward is now seeking to increase the membership, and all those desirous of doing so are invited to attend the meeting.

To Render "Stainer's Crucifixion."—The Choir of Hapshire Road Methodist Church, assisted by friends will render "Stainer's Crucifixion" on Good Friday evening, commencing at 8:15. Mr. Thomas Tenor, and H. J. Sedgman, bass, will be the soloists. G. Deaville, conductor, and E. Musgrave, organist. Proceeds will go in aid of the organ fund.

Burnside Parent-Teachers.—The regular monthly meeting of the Burnside Parent-Teachers' Association was held in the school on Tuesday evening. There was a large attendance. Miss M. Brown addressed the meeting on "Household Science" and L. A. Campbell on "Manual Training." A piano solo by Miss Polson and a vocal selection by Mrs. Barton, which were much enjoyed, concluded the meeting.

Motorist Alarmed.—Mrs. Codville of Esquimalt, reports that while driving home from a party Tuesday evening she was considerably alarmed by two men whom she took to be highwaymen, at Dunsmuir Street. As she was driving along in her motor car a man stepped in front of the machine but she speeded up only to be confronted in the same manner by another man a little further along. He too was ignored, and Mrs. Codville arrived home safely.

Had Nasty Accident.—Miss Gladys Gouge, daughter of Mrs. Gouge, of Four-Mile House, met with a nasty accident while out riding yesterday afternoon. She was trotting her horse at a smart pace along the Goldstream Road near Six-Mile House, when the animal slipped on the asphalt road surface and fell, throwing the rider heavily. Some passing motorists came to her assistance and summoned medical aid, when it was found that she was suffering from severe cuts on the head and a broken collar-bone. She was removed to her home, where she is to-day making favorable progress.

Presbyterian Ladies' Aid.—Mrs. J. G. Brown presided at yesterday's meeting of the First Presbyterian Ladies' Aid. Reports were received from the Irish concert recently given at the church and also from the congregational supper held Tuesday evening. These showed that substantial balances would be forthcoming in both instances. The Y. W. C. A. scheme of having a huge birthday party in the interest of that institution was approved and Mesdames J. G. Brown and Gould were reappointed to represent the society again in conference with other societies to further consider the matter.

Killed in Seattle.—William Coupland, twenty-year-old son of Mr. and Mrs. W. Coupland, of 1021 Pandora Avenue, was killed in a motor accident in Seattle on Saturday last, according to information received here yesterday by the police to whom the

coroner wrote in an endeavor to get in touch with the young man's relatives. Mr. J. W. Coupland at the above address immediately left for the Sound city to identify his son, from whom he has not heard for some months. According to the communication from Seattle young Coupland had recently been at the fireman on the U. S. Coastguard cutter Arcadian.

Gets Heavy Fine.—Douglas Allen was fined \$25 or, in default, two months in jail this morning when Magistrate Jay found accused guilty on the charge of being drunk in a public place. Accused was arrested in front of the Atlantic Rooms, Broad Street. As it was the second conviction for the same offence the severe penalty provided under the Act was imposed.

Elected Officers.—The Ladies' Aid of the Hapshire Road Methodist Church held their annual meeting yesterday and elected their officers for the coming year as follows: President, Mrs. T. F. R. Oliver; vice-president, Mrs. H. L. Briggs; secretary, Mrs. S. V. Bowers; treasurer, Mrs. H. Ormiston. Splendid work has been accomplished by this society this past year and much financial assistance has been given to the church. The ladies will hold an Easter bazaar on Wednesday afternoon, April 12, from 2:30 to 6 p. m. in the church parlors and a splendid variety of Easter gifts will be offered. Home cooking, afternoon tea and a good program should also be of interest to those attending.

Ward Three Liberals.—An excellent entertainment was given by Ward Three Liberals last night in the Liberal Club rooms when a large number of guests enjoyed the musical programme, which was followed by a dance. The artists who contributed to the success of the evening included Mrs. Morton, Mr. and Mrs. Ogilvie, Miss Watson and Dave Dumbleton. J. Watson, leader of the Ward Three orchestra, and his assistants, were thanked for the splendid music provided. Dancing continued until midnight, when refreshments were served. Ward Three will recommend a presentation of a check room to be in readiness for future social occasions to avoid inconvenience to the guests.

Elks Held Final Dance.—Over one hundred couples assembled in the Elks' Hall last evening for the final dance under the auspices of the Elks Swimming Club this season. Orchestras were in excellent form and dancing continued until 1 a. m. During the evening Kenneth Ferguson, honorary president of the organization, made a presentation on behalf of the club, to the following members, as an appreciation of their services: Miss M. Wood, A. T. Weight, Ernie Stock and James Stewart. A delicious buffet supper was served. The committee wishes to thank through the press all those who have given their support in making the club's thirty dances throughout the winter such a great success.

Tells of Old Victoria.—At the regular meeting of the Okaville Parent-Teacher Association held on Monday evening a very interesting lecture was given by A. H. Maynard on "Old Victoria and a Trip to the Jordan River." Views of the Hudson's Bay Fort, the old jail, Parliament Buildings and the first water and telephone systems, of Government and Douglas Streets showed the great change that has taken place in the last sixty years. A remarkable view of the Gorge Bridge reflected in the water was among the old Victoria views, after which Mr. Maynard showed the beautiful scenery along the Fraser River, including the place where gold was first discovered, the porcupine and moose, which abound in the Cariboo, and also a marvelous picture of an electric storm at Jordan River.

Urges Co-operation.—At yesterday's luncheon of local Elks, George I. Warren made a strong appeal for co-operation of every citizen of Victoria in making the city what it should and could be if all helped instead of leaving matters of development to a few. The great advantage that would accrue from the inauguration of the daily service of Anacortes motor car ferry was pointed out. The fact that Seattle Chamber of Commerce was spending \$100,000 this year on publicity of the Pacific Northwest, and that Victoria would figure largely in the features emphasized was also mentioned by Mr. Warren. The directors of the Publicity Bureau are giving their

MAY ADDRESS CHAMBER

Professor Zimmermann, who, with Mrs. Zimmermann, will arrive in Victoria from Seattle next Tuesday, has been invited by the Chamber of Commerce to give an address in the Chamber of Commerce auditorium on Tuesday evening. As Professor of Economics in the University of Wales, it is felt that some interesting light might be thrown on civic finances by the Professor in view of the present discussion in relation to Victoria's condition in that respect.

Mrs. Zimmermann will be entertained by the Women's Canadian Club.

time and energies without remuneration for the development of the city's interests and if every citizen would be a good booster Victoria would very soon show healthy signs of progress and development, the speaker said.

Y. M. C. A. Directors.—A business meeting of the Board of Directors of the Y. M. C. A. will be held to-night in the organization building at 8 o'clock.

SHORTT TO OCCUPY CITY "BLACK HOLE"

But It Will Be No Longer Black When We Arrives

Expecting that Dr. Adam Shortt, noted authority on civic government, will arrive here shortly to conduct a thorough investigation into the City's financial affairs, the Civic Public Utilities Committee has ordered City workmen to prepare an office for him in the City Hall. Acting on these instructions, carpenters have almost completed the work of re-modeling the famous "Black Hole," formerly the Mayor's office, into a modern apartment for Dr. Shortt. The office has long been regarded as the most unsatisfactory of the City's many unsatisfactory offices, but they skilled City carpenters are rapidly transforming it into an airy, light apartment which should suit Dr. Shortt admirably. Officials of the City Treasury Department had been slated to occupy the office, but they will have to wait now until Dr. Shortt has completed his financial inquiry.

Only by telling the public through the columns of this newspaper can the success of good merchandise be assured.

DON'T TOLERATE GRAY HAIR

DON'T permit streaks of gray to mar your beauty. Watch those betraying locks. When the first gray appears call to your aid "Brownatone," the modern hair tint. You can apply it at home by following easy directions. "Brownatone" is sold by drug and toilet goods counters in two colors—golden to medium brown and dark brown to black—50c and \$1.50. Guaranteed absolutely harmless to hair growth, scalp or tenderest skin. Try it at home—trial bottle sent for 10c. The Kenton Pharmacy Co., 615 Copping Bldg., Victoria, B. C.

BROWNATONE

Brownatone is sold and recommended in Victoria by Victoria Owl Drug Co., Dean & Huxford's Vancouver Drug Co. and other leading dealers.

HOUSE IS LOOTED

Burglar Secures Over \$1,000 in Valuables.

Breaking into the residence of George E. McLaughlin, 1821 Hollywood Crescent, at an early hour last evening, a thief or thieves secured booty to the extent of over \$1,000. A fur cape composed of sixteen valuable skins, \$11 in change, a five dollar gold piece and a lady's gold watch were taken. No arrests have yet been made and there is very little clue on which to work.

The burglary took place some time before 3:30 o'clock while the occupants of the premises were out. A jimmy was used on one of the side windows and everything in the house was turned topsy-turvy in the search for valuables.

RENEWES EFFORTS TO GET AID FOR BRIDGE EXPENSE

Mayor Again Asks Government and C.P.R. to Help

Renewed efforts to persuade the Provincial Government and the Canadian Pacific Railway Company to help the City to pay the excess cost of completing the new Johnson Street Bridge were made by Mayor Marchant to-day. The Mayor wrote to the Government and to the C. P. R. and urged them, as parties to the bridge project, to contribute at least a small amount each to the excess bridge costs. These requests will be forwarded to the Government and the Railway Company immediately.

In making known that he was renewing efforts to secure aid from the Government and the C. P. R., the Mayor also announced that he would lay before the City Council again his proposal that excess bridge costs should be paid out of current revenue and over a period of three years. This plan was discussed briefly by the Council at a recent meeting, but no decision on the matter was reached. The Mayor will press his proposal again before the City's annual budget is closed.

GOVERNMENT TO CONTINUE AID

Help to Pay for Unemployment Relief; Jobless to See Council

After two abortive attempts to get a hearing, the unemployed of Victoria will crowd into the City Council Chamber to-morrow afternoon and tell the Mayor and Aldermen about the need for continued relief measures here. Large numbers of unemployed will attend this conference with the Council under present plans.

Meanwhile the Council will continue its relief doles to married men until the end of the month, and for unmarried men until the middle of the month. Negotiations between the City and the Provincial Government on the matter this week have been successful and the Government will continue to pay its one-third share of relief costs until the end of the month. The Federal Government agreed some time ago to a similar extension of the relief period.

A number of unemployed burst through a flimsy door at the city's unemployment relief office yesterday morning and E. E. Hardisty, unemployment relief manager, called the police to control the crowd. City officials blame the unemployed men for their impudence but state that the door through which they pressed their way was not heavy enough for the purpose and no violence was intended. The door was broken, they state, a four which began in Vancouver early this week, headed by Alderman Perry.

"PERRY'S PIERROTS" IN INLAND EMPIRE

Humorous Message From Investigating Aldermen

"Perry's Pierrots" perform in Spokane to-day. Company nearly stranded. Finances permitting, returning Friday.

"This humorous message to Mayor Marchant from Alderman Hayward gave information to-day of the ambulatory aldermen who are touring to ascertain modern methods of cemetery management in neighboring cities, a tour which began in Vancouver early this week, headed by Alderman Perry.

FINAL CONCERTS TO BE IN EVENING

Ladies' Musical Club Announces Three Last Programmes of Season

The three final concerts of the Ladies' Musical Club's present season are to be given in the evening instead of the afternoon as hitherto. Such was the decision made at the recent meeting of the executive, the change being made at the request of a number of members and patrons who have been unable to attend the afternoon recitals.

The next concert of the series will be on Wednesday, April 12, when the programme will include compositions, both vocal and instrumental, from the classical and modern schools. The postponed chamber music recital will be given on the evening of the first Wednesday in May, while the last concert of the season on Wednesday, May 17, will feature operatic selections.

HEAR OF BOYS' MENTAL GROWTH

H. C. Cross, of Y. M. C. A., Gave Third of Mother's Meeting Series

Speaking before a large gathering of mothers at the Y. M. C. A. yesterday afternoon, H. C. Cross, boy's secretary of the local organization, gave an illuminating address on "The Boys' Mental Growth."

Failure to understand the boys' feelings often accentuates the inability of the older people to hold him during his most critical period," stated Mr. Cross. "If you can get the boy to understand what right chances are, he will act rightly," he contended. Mr. Cross alluded to development

of the intellect of the boy, and dealt with this development extensively. The school played a prominent part, Mr. Cross asserted, and outlined the various ways in which education could carry this out. The physical constitution of the boy was dealt with, and suggestions made for the building up of a strong healthy and muscular body which was necessary to the boys of the present day.

TO TRY BOWKER CREEK ACTION

The damage suit brought by Mrs. Elizabeth Scrase and the Municipality of Saanich against the City of Victoria for the flooding of land on Unit Avenue, near Shelbourne Street, will be tried April 20, City Solicitor H. S. Pringle learned to-day. The plaintiffs are claiming unnamed damages as a result of the alleged overflow of Bowker Creek upon land in which they are interested. Proceedings preliminary to the actual trial of the suit have been dragging on for about a year.

CAPITOL

One of the biggest sets ever shown in a Paramount picture is seen in the concluding scenes of the new John S. Robertson production "Love's Boomerang," now showing at the Capitol Theatre. The set shows a big hall of the Tudor period with a stone-flagged floor covering approximately 3,000 square feet of space. The chief feature of the hall are the groin roof 38 feet high and a massive stone carved fireplace. The set is a reproduction of the big hall of Beau lieu Abbey, Lord Montagu's beautiful country residence, of which some striking exterior views were recently obtained for this production, in which Ann Forrest and David Powell are the featured players.

VARIETY

What would you do? If you, a woman, had a husband who was on the ladder to success as a writer, and a little loving child, and you had also a wonderful voice—would you sacrifice your home, your husband and his career, and your child to become a great opera singer—to listen to the acclaim of the world and have its wealth showered at your feet? This is the big question that is asked and answered in the new William Farnum picture, "His Greatest Sacrifice," which will be shown at this theatre to-day.

some wonderfully dramatic acting in this production. That he has the opportunity you will see by the brief idea of the play given above. This is a picture you shouldn't miss seeing.

ROYAL VICTORIA

Constance Talmadge establishes an entirely new line of laughter in her latest starring success, "Polly of the Follies," the first National attraction which will be the attraction at the Royal Victoria Theatre again to-day. The star takes a new role in the stage-struck country girl who has her own ideas as to what Broadway productions need to spell success.

The story was written especially for Miss Talmadge by John Emerson and Anita Loos and affords excellent opportunities for her to display the particular kind of acting to

which she is adapted. The humor is contagious and the plot has strong dramatic values. Polly Meacham is an ambitious country girl who wants to grace the footlights but her Uncle Silas has different ideas about woman's place. He breaks up an amateur theatrical show Polly gives in the home town and almost ruins her plans to go on the stage. Despite his opposition, Polly carries out her intentions by winning a place in Flo Ziegfeld's Beauty Chorus.

The conclusion is unique as well as amusing. It differs from the ordinary fate of stage-struck country girls and is said to be one of the most unusual finishes the star has had. Kenneth Harlan is again seen in the role of leading man.

MARY MILES MINTER

NOW AT DOMINION

Has Attractive Role in "The Heart Specialist"

"The Heart Specialist," at the Dominion, is said to be a success because it is a composite of well-calculated situations and incidents of a type that has demonstrated its favorable impression on theatre fans. Cleverly avoiding the frequent tendency of some productions which rely on variety rather than theme, and because of that, show a lack of organization, this picture has a fine continuity and the effect is complete entertainment.

The newspaper office, the wounded soldier, the harem, the home-bred are all brought into play for their spectacular, tragic or humorous value. Mary Miles Minter is introduced as a writer of a "mush" column in a daily paper. She is not the typical newspaper woman and fits more charmingly into the adventuresome antics which her role, later on, provides. Her beauty in some of the close-ups is striking. A capable supporting cast is headed by Allen Forrest, who has considerable appeal as the wounded soldier.

PEGGY'S FOLLIES.

Peggy Lewis is busy rehearsing the company with which she will open an indefinite season at Pantages Theatre on Monday evening, and says she is delighted with the progress made and certain that the musical revue to be presented will be well worth while. The company numbers fifteen all told, including principals and chorus, and is replete with tuneful and catchy musical numbers and clever comedy. There will be two performances each evening at 7 and 9, and matinees on Wednesday and Saturday at 2.30.

LILY DOOLEY TAKES A LEADING ROLE

Appears as "Little Lord Fauntleroy" in Famous Story

In "Little Lord Fauntleroy" the Princess Players have undertaken to produce a delightful comedy drama for the Victoria public. Miss Lily Dooley, for the first time in local stock company's presentations, takes a leading role in the play, and credit is due to the capable manager in which she carries out her character.

Harry J. Leland fills the role of the wealthy but austere Earl of Dorincourt which Miss Violet Neitz acted the part of Lord Fauntleroy's mother, and carries this character in a very lovable and charming manner. A lawyer's son is successfully shown in the role Jack Phillips filled, while Earl of Dorincourt's valet, Campbell, adds the comedy, which is necessary to make the play a success.

There has been probably no other production that has ever received by so large an audience as the one which attended the opening night of this week's play. Miss Dooley, as the leading actress, was applauded for the exceptionally fine piece of character acting.

"A CONNECTICUT YANKEE"

It is not generally known that the Amir of Katsina, the Nigerian ruler who, with his suite, is on a visit to England, visited the cinema for the first time in his life only last week. Liverpool, the first European city to be visited by this distinguished potentate, provided this unique occurrence, and it is to the Fox Film Co. that the honor belongs, for the Amir and his suite were invited to be present at a private showing of Mark Twain's spectacular comedy-drama, "A Connecticut Yankee in King Arthur's Court."

The party, quite awed by the dramatic action, were galvanized into excitement by one humorous situation, members of the suite exclaiming to each other in a loud voice. The Amir himself remained dignified and quiet until the bureau of the tournament of King Arthur's Court. The sight of a knight in armor pulled from his horse by a laser was too much even for the Nigerian ruler, and when, laughing, he made delighted exclamations to his suite, and declared afterwards that pictures were as wonderful as the tale of Arabian Nights.

Mr. Fox's Liverpool representative was informed that the Amir was bewildered and fascinated with the picture, and quite startled when a motor car appeared to be dashing towards him on the screen. He and other members of the party became so excited that it was necessary for their British interpreter to assure them that the moving pictures were not real.

"When I go back," the Amir said, "I dare not speak of what I have seen; I should be called a liar."—London Tatler. "A Connecticut Yankee in King Arthur's Court" will be the attraction at the Royal Victoria Theatre all next week, commencing Monday.

AN IDEAL REMEDY FOR SPRING ILLS

Weak, Run Down People Should Try Dr. Williams' Pink Pills.

Do you find it hard these Spring days to apply yourself to your work? Do you feel tired, without ambition or energy. These are the symptoms of a condition which our grandfathers used to meet each Spring with a medical tonic, and medical practice to-day supports their wisdom. During the Winter months the blood frequently becomes weak, and this, especially in those whose work keeps them indoors most of the time.

Weak blood frequently causes indigestion, lack of appetite, sleeplessness, and a constantly tired feeling. Sometimes there are headaches or feeling of nervousness, or there may be unsightly pimples or blotches on the skin. Any of these indicate that the blood is out of condition and any improvement in the condition of the blood improves the general health. The right tonic to improve the blood is shown by the statement of Miss L. Evelyn Brown, of Milton, N. B., who says: "I can say for myself that I was greatly benefited by taking Dr. Williams' Pink Pills. My work keeps me indoors many hours in the day and many days in the year. When feeling exhausted and tired out from long hours and hard work, Dr. Williams' Pink Pills make me feel entirely made over. For several years I have taken them in the Spring and find they are the only medicine I need to keep me in good health. I believe every girl and woman would find her blood and nerves stronger by using Dr. Williams' Pink Pills."

You can get these pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont. (Adv.)

TREE PLANTING IN THE WEST

The civic authorities of Calgary are aiming to have 10,000 trees planted in the parks and on the streets of that city in 1922. Other cities and towns on the prairies have also planned tree-planting campaigns. This planting of trees in urban communities, along with the millions of trees now being planted annually on prairie farms, will in a few years make a great change in the aspect of the Prairie Provinces.

CANADIAN CONTRALTO IS FORGING AHEAD

Miss MacNevin, Formerly of Guelph, Makes Impression in N. Y. Musical Circles

By Ben Deacon, Canadian Press Correspondent.

New York, April 6.—New York's Canadian colony turned out in full force for the recital given in Aeolian Hall last week by Evelyn MacNevin, the young Canadian contralto. Miss MacNevin, whose home was formerly in Guelph, Ont., is rapidly gaining a place among New York's leading concert singers. This was her second recital here.

Despite numerous counter attractions in the musical line, Miss MacNevin had a large audience which accorded her the most enthusiastic reception. Her programme included early Italian numbers, French songs by Franck, Massenet, Faure, and Debussy, a couple of youthful Canadian pieces, and numbers by Grainger, Lawson, Cadman, and Werner. The "Great Awakening," an old Irish song arranged by Fisher, and Sibelius' "La Gröndömet," were among the numbers which particularly favor with the audience.

Won Hearts of Critics. Miss MacNevin's voice is of notably rich quality in the lower register and is unusually light and flexible for a contralto. She was particularly pleasing in the lighter numbers, though she also displayed remarkable force and power in some of the more dramatic selections. The Canadian singer was given high praise by a number of the local musical critics.

New Plays Offered.

Several new plays were offered this week. These included a romantic comedy on somewhat stereotyped lines which a couple of youthful dramatists of the gentler sex dug from biographical tomes on Voltaire, and a play inspired by the present condition of affairs in India as well as, very probably, by the bulging box office of "The Green Goddess," George Arliss' Hindoo melodrama.

The announcement was made by the opening of still another intimate theatre. It is called the Lennox Little Theatre and it seats exactly 252 persons. The announcement was made that in this latest little theatre "unprofessional players will play what you want them to play without dipping into the pockets of the theatre." The opening bill is composed of three short plays, Dunsany's "The Glittering Gate," Mark Swain's "The Slipper of the Gods," and Frederick Treadwell's "The Pop."

French Actors Coming.

Announcement is made that the Guitrys, the famous French actors are to cross the Atlantic this week. They will appear in New York about Christmas time under the management of the Selwyns. In addition to Lucien Guitry, the father, and Sacha Guitry, the son, the Selwyns will import several players from the Comedie Francaise by permission of the French Government to appear with the Guitrys here.

The financial offer which induced the Guitrys to leave France is said to have exceeded that made to any other actor, including Sarah Bernhardt. The New York season will be on for four weeks. While no definite arrangements have yet been made it is stated that the French actors may also make a brief tour and there is a possibility that they may be seen in Montreal. The elder Guitry, who was at one time leading man to Sarah Bernhardt, is looked upon as the greatest contemporary actor on the French stage. The son is author of most of the plays in which the family appear.

"Voltaire." Some sidelights on recent theatrical happenings: "Voltaire"—A romantic comedy in three acts disclosing some hitherto unrecorded (and unverified) incidents in the life of the great philosopher-historian-dramatist. It is the work of two youthful college girls, Gertrude Purcell and Leila Taylor and on the whole is a very creditable first effort.

The authors show Voltaire at the age of seventy-one, when he lived in exile at Ferney, across the Swiss frontier. By stringing together a number of happenings, some historical and some purely imaginative, a story has been concocted which is of no little intrinsic interest and at the same time serves admirably to bring out some of the leading traits of Voltaire's character, notably his hatred for the conventions of the day, and his sympathy for oppressed peoples. The great writer is sheltering the fugitive Moineau, who has escaped from the Bastille, Voltaire's enemy. Ferret, chief of a secret police of France, brought to Ferney by the playwrights and there is a contest of wits between the two men which serves to inject the spirit of excitement into what would otherwise be a rather tasteless epilogue.

The police official is in search of the fugitive. He is thwarted by Voltaire's success in smuggling Moineau through to Potsdam, incidentally trusting him with some libelous verses for King Frederick. The authors, wise beyond their years, have their fingers crossed so far as any criticism from the historical standpoint goes. The programme carries this note: "The makes no pretence to be a historical drama." Arnold Daly plays Voltaire in an immense white wig and a long lounging robe which serves to disguise the contours of his rather too ample figure. Probably Mr. Daly makes no pretence to careful characterization of Voltaire. Apparently he is satisfied to be merely interesting and amusing.

"The Hindu."

"The Hindu"—An odd assortment of mysteries and thrills presented at the Comedy Theatre by Walker Whiteside, who plays the leading role. The first scene is in Scotland Yard and the remainder of the action takes place in India. It is all about a maharajah who is in love with a white lady and is keeping her prisoner in his palace. An idol has been robbed of some of its jewelry and the natives are in a state of unrest. There is an investigation by British agents to determine who has started all the trouble and it leads to one of those surprise endings which have been popular for the past two seasons. You'd never in the world guess who the maharajah is. The thriller is eked out by a wonderful set of trick scenery.

The palace has a very sinister room with sliding panels, a trap door leading to an unpleasant death in a bed of quick lime, electrically charged servant's bells which do queer things to people who ring them, cabinets that spit fire when doors are opened, doped cigarette holders, and a pot

FROSTILLA

CHAPPED HANDS
ROUGH SKIN

snake. It is all very exciting and the maharajah's garments are as vivid as the plot.

"The Hotel Mouse."

"The Hotel Mouse"—A musical comedy with a story imported from France and a number of bright tunes. The charming and diminutive Frances White romps through it with a varied assortment of costumes. And no one can wear a varied assortment of costumes more charmingly than Frances. She is "The Hotel Mouse," a surprisingly respectable thief named Maurice. She attempts to rob a bachelor's apartment but is shocked when the bachelor suggests that she have supper with him there.

It is all very well to break into apartments and carry off other people's property, but really nice girls must draw the line somewhere. However, when she learns that the young man merely wants to protect her from a detective who consents to remain. She trusts the young gentleman completely and sleeps very comfortably in his bed while he spends the night in an uncomfortable position, taking a few winks on the floor. In the morning the valet is sent out for a suit of suitable disguises in which the charming kleptomaniac can escape. They range from a neat boy's suit—no, a boy's neat suit, well, bifurcated garments anyway—to a plain little cat's dress.

The suits and dresses all have appropriate songs which Frances sings so delightfully that the plot becomes sidetracked and almost forgotten. Eventually, however, there is the inevitable happy ending to the romance of the wealthy and chivalrous young gentleman and the perfectly respectable little thief.

London Comedy.

"The Truth About Blady"—A very delightful comedy with a strong vein of irony, by A. A. Milne, author of "The Power Book," which is now attracting many customers to the Bijou Theatre. It was imported from London, where it has had a successful run, by Wintrop Ames, who has taken pains to give it an excellent production which it well merits. The central figure of the play is Oliver Blady, an octogenarian poet who has honors heaped upon his head and in his declining years occupies a niche in one of England's halls of fame. He has agreeable reminiscences of his association with Meredith and Whistler and other great Victorians and of the admiration expressed for his work by the Queen herself.

He is shown in the first act surrounded by the members of his family, who shine in reflected glory. In his last hours Blady confesses to one of his devoted relatives that his life has been a fraud. In his

MARK TWAIN'S

Greatest Story

"A Connecticut Yankee in King Arthur's Court"

THE BIGGEST, FUNNIEST SATIRE EVER PRODUCED

The Princess Royal, with Princess Maud, visited Queen Alexandra to-day, and remained to luncheon.

Her Majesty, accompanied by The Princess Royal with Princess Maud, and The Princess Victoria, was present at the film version of Mark Twain's comedy, "A Yankee at the Court of King Arthur," at the Alhambra Theatre this afternoon. Her Majesty was attended by the Hon. Charlotte Knollys, the Hon. Lucia White and Colonel Sir Henry Streetfield.

Extract from court circular issued from Buckingham Palace

youth, it develops, he was the friend of a needy youngster who was a great but unrecognized poet. The two had lived together in a garret twenty years before. This young poet companion died and played in a quagmire. One day he yielded to the temptation to publish one of the poems as his own. His success led him to repeat the deception until finally he had built up his great reputation with the work of the dead man.

An Early Demise.

The old man dies in the first act and the details of his deception are gradually discovered by the members of his family in the succeeding acts. His children and grand-children are in a quandary. Should they confess the truth and lose the glory and prestige which their relationship to such a great man has given them? The consideration of this problem forms the main theme of the play. After severe mental struggle the family decide it is better never to tell the truth about the poet, and finally end up by deluding themselves into believing that the great reputation which is so benignly reflected upon their heads, was honestly earned.

New light is thrown on buying problems by the store ads.

RED PEPPERS STOP PAIN OF RHEUMATISM

When you are suffering with rheumatism so you can hardly get around just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Instant relief. Just as soon as you apply Red Pepper Rub you feel the tingling heat. Rows Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Use it for lumbago, neuritis, backache, stiff neck, sore muscles, colds in chest. Almost instant relief awaits you. Be sure to get the genuine, with the name Rows on each package. (Adv.)

How to Acquire A Clear Radiant Complexion In 14 Days

IT seems almost impossible that pimples, blackheads, boils, etc., can be made to completely disappear within as short a time as 14 days. Yet thousands of IRONIZED YEAST users have proved to their complete satisfaction that it is not only easy to quickly acquire a clear, fresh complexion—but at the same time to build up weight, energy and general health to really an astonishing degree.

Surprisingly Quick Results

The reason IRONIZED YEAST brings such remarkable results is because it embodies a new scientific process which enables yeast to bring its great benefits often in just half the usual time. Experiments prove that while yeast alone is good, it is not enough, in itself, to bring 100 per cent results. For while yeast contains certain vital elements which are essential to health, it is found that some other agent is needed to help convert these wonderful elements into health, strength and energy.

Free

Mail coupon below for the amazing Three-Day FREE Trial Treatment of IRONIZED YEAST. Take these pleasant-tasting tablets—two with each meal. Then watch the results!

The New Process

Everyone knows that iron is of great value in converting food into living cells and tissue. So works this problem, our scientists finally discovered the remarkable process of ironization—the process which enables you to derive from yeast all of the splendid benefits it holds for you. Do not think, however, that any combination of yeast and iron will do. Yeast brings its best and quickest results only when it is treated through the process of ironization. And this process is embodied in IRONIZED YEAST, the one scientifically correct yeast treatment.

Results Guaranteed—or Money Back

If you are troubled with humiliating skin blemishes—if you are thin—or if you feel the need of more energy, you owe it to yourself to learn of the benefits IRONIZED YEAST holds for you. IRONIZED YEAST is sold at all drugstores on a positive guarantee of satisfactory results from the first package, or your money instantly refunded. Thus, you run no risk whatever. Get IRONIZED YEAST from your dealer today!

IRONIZED YEAST Tablets

THE ONLY YEAST THAT IS GENUINELY IRONIZED

WARNING—IRONIZED YEAST is entirely different from anything on the market. Do not confuse it with ordinary "vitamine tablets," which in most cases are merely plain, inefficient mixtures of yeast and iron. IRONIZED YEAST is the only yeast which is treated through the remarkable process of ironization—the process which enables yeast to bring its splendid results just twice as quickly. Insist upon it always—for nothing else can be like it. Go to your dealer and get IRONIZED YEAST today. \$1.00 a package.

Join the "Blue Bird" Club

\$5.00

Makes you a member of the "Blue Bird" Club and entitles you to have a "Blue Bird" Washing Machine in your home now

By small weekly dues of \$3.50 the machine will be paid for in a comparatively short time.

An outstanding feature of the Club will be a two-year service of regular inspection and adjustment which accompanies a full guarantee.

What Membership of the Club Means to You

Of all the modern home labor-saving utilities there is none that takes more importance than the "Blue Bird" Electric Washing Machine.

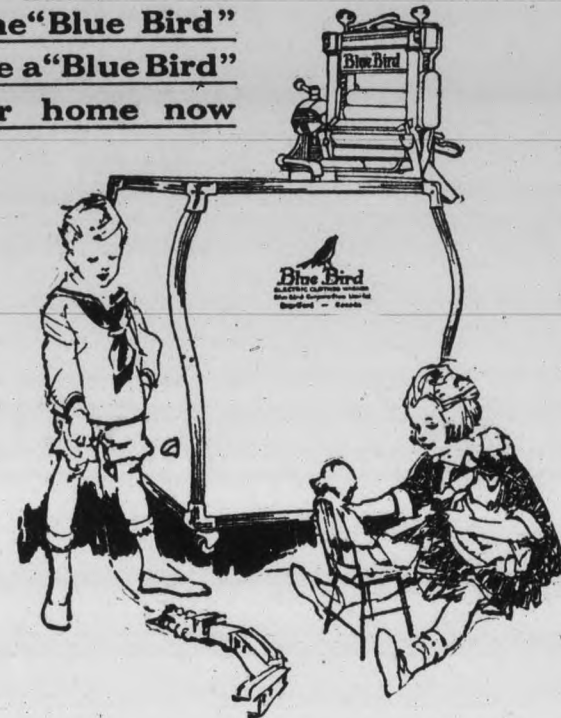

There is no more distasteful or more dreaded part of the busy housekeeper's duties than the weekly wash day, and for this reason we are sure that nothing we could do to please our housekeeping friends would be more appreciated than the organizing of the "Blue Bird" Club, which makes it so easy to have the best Electric Washer placed in your home at once.

Membership Will be Limited to 100 Housewives

Hundreds will be anxious to join but only one hundred can, so make sure by bringing your \$5.00 and joining to-morrow.

Special Demonstration Will Take Place To-morrow

We have arranged with the factory's representative to demonstrate the wonderful advantages of the Machine and to explain the unique benefits that membership of the Club offers. We extend to you a cordial invitation to visit these displays to-morrow, Saturday or any time next week.

Schools Hold First Lacrosse Practices

Eleven Teams Will Compete for School Championship—League Divided Into Sections and Schedules Are Being Drafted—First Games End of Month

School lacrosse teams held their initial work-outs yesterday afternoon. In the morning sticks were delivered to the schools by the Gyró Club, and as soon as the regular exercises were concluded the principals or coaches of the schools took their proteges over to the parks and turned them loose.

The boys are taking to the game with great spirit. There is great competition between the lads for places on the different teams. Many of them did not wait to see whether they would be fortunate in securing a stick from the allotment given to their schools, but hunted around and secured one as their personal property. Some veteran sticks have once again seen the light. Boys have appeared at school with sticks which have seen service in tough old battles, while others have brand new sticks which they managed to make a dear old dad or some one else buy for them. But whether old or new the boys are nursing their sticks as fondly as a mother cares her child.

Coming Along Fine.

Some of the pupils have a fairly good idea of the game, and will blossom out as star players without a great deal of coaching. There are others, however, less fortunate, but they will no doubt pick up the game quickly once they are in the hands of competent instructors.

The opening games in the School League will be played in the last week of April. The boys will have over two weeks in which to mould themselves into teams. They are all in fairly good condition, having just completed the School Football League.

A joint meeting of the representatives of the Schools Sports Association and the Gyró Club was held last evening at the Y. M. C. A. when a report was submitted by Vernon Jones, secretary of the Schools Association, on the progress made at the meeting of that body on Monday.

Eleven Teams to Play.

Eleven teams will play for the championship of the School Lacrosse League. In order that the league might not prove too unwieldy it has been divided into three sections, each operating a schedule of its own, the winners playing off for the title.

The following teams will be in the southern section: South Park, Boys' Central, Margaret Jenkins and Sir James Douglas.

The northern section will include the following: Victoria, West and Willows, Oaklands, George Jay and Quadra-Burnside.

In the west section will be Victoria, West and Esquimalt.

Owing to the fact that neither Quadra nor Burnside would have been strong enough by themselves they decided to merge their forces. Montreux Avenue School and Oak Bay did not wish to join the league.

To Draw Up Schedule.

A committee of the Schools Association will draw up the schedule for the various divisions and arrange for the play-off.

The Gyró Club is now arranging for coaches for the various schools.

STYMIE RESTORED BY U.S. GOLF BODY

Steel Shafts Clubs Are Barred; Western Golf Association Will Not Adopt Rules

New York, April 6.—Restoration of the stymie, banning of the steel shaft club from tournament play and decision to charge admission to all championship tournaments was discussed yesterday by the U. S. Golf Association. In restoring the stymie the committee makes the U. S. game in this respect uniform with the Royal and Ancient play of Great Britain. The stymie was abolished in January, 1921.

Explaining its decision the committee says the stymie "belongs in golf, because it represents the most scientific phase of the game." The game was not improved by its abolition in the committee's opinion, nor did it accomplish the purpose intended. One year supplied a fair test to determine the point.

The Two Rules.

The new stymie rule that will prevail reads: "A player has laid a stymie if, on the putting green, the opponent's ball lies in the line of his putt to the hole, provided the ball is not within six inches of each other."

ANOTHER TITLE GOES TO JOCK HUTCHISON

Open Championship at Washington, D.C., Captured by British Titleholder

Washington, April 6.—Jock Hutchison, of Chicago, British open champion won the open golf championship of the Columbia Country Club here yesterday, with a 72-hole total of 295. J. Farrell, of Quaker Ridge, N. Y., was second with 299 and Walter Hagen, of New York, was third with 302.

Mike Brady, Detroit, was fourth with a total of 304, while James Barnes, New York, was fifth with 306. Joseph Kirkwood, the Australian champion, was just outside the money with 314, as was Fred McLeod, of Washington, a former National open champion, had 315 ties with E. Sarazena, of Pittsburgh.

Pinehurst, N. C., April 6.—W. S. Fownes, Jr., of Oakmont, former national amateur champion, and captain of the American International team, was the only favorite to survive the opening round of the northern and southern amateur championships today. He eliminated John A. Gammon, of Providence, three and one.

Victory Golvers Will Seek Provincial Title

Many Victoria golfers are going over to Vancouver next week to take part in the annual British Columbia amateur golf championship which will be staged by the Vancouver Golf and Country Club at Berquitum.

The tournament is to open on Good Friday and will continue until Easter Monday.

Not only are the local stars going to seek the B. C. title but they are hoping to bring home the Gutter Perch cup which has been donated for the club championship. Each club can nominate four players before the qualifying round commences. The two teams having the lowest aggregate will play off on Saturday afternoon in four-ball foursomes.

Victoria will be able to nominate at least two very strong teams for this competition.

West Still Sticks.

The steel-shafted club has been allowed in play by the Western Association, but President Gates said that his association might follow the lead of the United States Golf Association in charging a nominal admission to tournaments.

FOUR TEAMS TIE IN SENIOR "B" LEAGUE

St. Andrew's Lost Chance to Win Title When Tillicums Bowled Them Over

As a result of the Tillicums' win over St. Andrew's at the Y. M. C. A. last night four teams are now tied for first place in the Senior "B" section of the Sunday School Basketball League. The Saints were unable to stop the Tillicums, the score being 23-10, and as a result Metropolitan, James Bay, Tillicums and St. Andrews are in even terms for the championship. Whether there will be time to stage the play-off in view of the City Senior Basketball League being underway is a question. If the Saints had won last night they would have copped the title.

The first period of last night's game was exceptionally fast, the score being held down to 8-5 in favor of the Tillicums. But picking up in

PATTERSON AND ANDERSON MAY PLAY FOR AUSTRALIA

Sydney, Australia, April 6.—The Australian Tennis Association, it was understood to-day, has made suggestions to Gerald Patterson and James Anderson, Australian tennis ace, which, if accepted, will enable them to go to America to compete in the Davis Cup matches next September. The nature of the suggestions was not made public.

A dispatch from Melbourne yesterday stated that Patterson and Anderson had definitely decided they would be unable to make the trip to America for business reasons.

VARSITIES PLAN TO DEVELOP SPORTS

B.C. and Washington Will Work Up Extensive Athletic Competition

Seattle, April 6.—Possibilities of extensive athletic competition between the Universities of Washington and British Columbia have been predicted by Darwin Meisner, graduate manager of the University of Washington, who returned recently from a visit to the northern university. Meisner declared that he hoped to arrange for hockey, track, basketball, and rowing contests between the two universities next year. He expressed the opinion that it would not be at all surprising if the University of British Columbia or Northwest Conference within the next few years.

WINS WRESTLING TITLE

Albert Lea, Minn., April 6.—In a match advertised as being for the light heavyweight wrestling championship of the world, Helmer Myre, of Albert Lea, titleholder, defeated here last night by Clarence Eklund, of Sheridan, Wyo., who won two of three falls.

SCOTTISH FOOTBALL TEAM IS SELECTED

Meets England in International Game Saturday; Wilson and McBain Playing

London, April 6.—The Scottish Association football team which will meet England on April 8, is announced as follows: Campbell, Parlick Thistles; Marshall, Middlesex; Blair, Cardiff; Gilchrist, Celtic; McBain, Manchester United; Archibald, Glasgow Rangers; Morton, Glasgow Rangers; Gringam, Celtic; Crosby, Birmingham; Wilson, Middlesex; Cairns, Glasgow Rangers.

London, April 6.—Association football games played yesterday in the Old Country resulted as follows:

First Division.

Arsenal 3, Manchester United 1. Huddersfield 4, Aston Villa 0. Manchester City 2, Preston 0. Sunderland 2, Hotsprings 0.

Second Division.

Notts County 1, Bury 1. Reading 4, Bristol Rovers 0. Service Matches—Rugby.

Navy 2, Air Force 0. At Portsmouth.

Northern Rugby Union.

Northern Union rugby games played yesterday in the north were: Oldham 18, Hunslet 3. York 18, Featherstone 10.

SIX HOMERS HIT IN COAST LEAGUE

Sluggers Had Gay Time Yesterday; Frisco, Los Angeles, Vernon and Oakland Win

Los Angeles, April 6.—Los Angeles slugged out a 10 to 5 victory over Portland in the opening game of the season yesterday before about 7,000 fans. The Angels took the lead at the start and clinched the game in the sixth inning when five hits, including a home run by Lindmore with one on base, accounted for four runs and drove Levern from the box.

The Beavers staged a rally in the eighth inning, getting five hits and four runs. They added one more in the ninth on two hits. Up to the eighth inning Crandall allowed but two hits. R. H. E. Portland 5 9 2. Los Angeles 10 18 3. Batteries—Leverenz, Biemiller and Elliott; Crandall and Daly.

Near Riot At Sacramento.

Sacramento, April 6.—With the score tied, 3 to 3, in the tenth inning at Moreland Field yesterday, Sacramento had a great chance to win out as the bugs were crowded and none down. Brenton had gone to the mound in place of Eller and with speedy Merlin Kopp on the third sack after the staging of an infield hit and a wild peek by Marriot, the Oaks purposely walked both Pick and Ryan to get at Molitvitz. Molly hit one at Brenton, who tossed Kopp out at the plate, the relay to first slipping and the pitcher taking a step for a double play. With two and one on Sheehan, Colonel Pick dashed for the plate and was apparently safe. But Umpire Byron called the Colonel out on a stolen base and a moment later called him clear out of the park.

Two false clicks and a boot by Kopp put an Oaks' marker across in the first of the eleventh. In the home half, Hilly Orr smacked one to the top of the scoreboard for three, with one down. But the Senators could not find the pincel. Stange and Penner went out in the field and the second game went into the Oaks' bag, score 4 to 3. R. H. E. Oakland 3 11 2. Sacramento 3 11 2. Batteries—Brenton and Koehler; Niehaus, Penner and Stange.

Indians Lost to Seals.

San Francisco, April 6.—San Francisco evened the series with Seattle yesterday with an 8 to 6 victory. The Seals got away to a fast start in the first frame, with four runs on two hits, and the Indians were very nervous. The Indians could not catch up, though they did throw a scare in the Seals in the final round when Gillenwater went wild and let the runs across. Coumbe pulled the game from danger. Agnew smashed a home run in the third with two Seals on base and Lane, of the Indians, scored a homer the next inning. R. H. E. Seattle 6 8 4. San Francisco 8 10 6. Batteries—Mack, Henke, May and Tobin; Gillenwater, Coumbe and Agnew.

Play In Snow Storm.

Salt Lake, April 6.—Vernon won the opening game of the Coast League season here yesterday, 9 to 7, despite a cold and rainy weather, more than 2,500 paid admission to the park. Snow flurries swirled across the field at intervals in the latter part of the game. The grounds were very wet and fielding and base running was difficult.

Dell, although often in trouble, out- pitched his opponent and was in control and was relieved by Polson. The Salt Lake support cracked in vital spots. Red Smith, Vernon, knocked the first homer of the season. Paddy Siglin and Helme Sade also hit homers. R. H. E. Vernon 9 10 1. Salt Lake 7 14 9. Batteries—Dell and Hannah; Kallio, Polson, Bacholder and Jenkins.

V. I. A. A. BASKETBALL

The games scheduled for this evening at the V. I. A. A. Gymnasium, Victoria West, are as follows: V. I. A. Blues vs. St. Saviours "B" team.

V. I. A. A. Seniors vs. V. I. A. A. 135-lb. team.

The first game is scheduled to commence at 8.15.

METROPOLIS FOOTBALL

Members of the Metropolis senior football team are requested to meet at their clubrooms to-morrow evening at 8 o'clock. All players are asked to be at the meeting, and those who cannot travel to Cumberland are asked to notify the management.

One Outside Team Out of Hoop Race

Saanichton Defeated by "Y" Business Men in a Hard Tussle Last Night—Crusaders Found J.B.T.A. Easy Victims—Opening Games for City Title Were Good

One of the three outside teams entered in the race for the senior basketball championship of Victoria and district took the count last night in the opening round. Saanichton was unable to get into its real stride and went down by a score of 33-23 before the Y. M. C. A. Business Men.

Saanichton tried hard but they were checked very hard and in turn were unable to break up a fast rally towards the close by the "Y."

The J. B. T. A. was also counted out in the series. They were hopelessly outclassed in the first game of the evening, losing by 53-11. Their conquerors were the Crusaders.

Crusaders Looked Good.

The league got away to a good start and the gallery was well filled with spectators. The playing of the Crusaders was a feature of the evening and they were easily the best team on the floor. The league promises to provide plenty of thrilling and tumble work, but at times there is little team work and their shooting was terrible. Had they possessed a couple of good shots they might have made the score look a little more even as they had many chances, and including the First Presbyterians, last year's champions, Belmonts and the two outside teams, Jordan River and Duncan.

In the opening game of the evening the Crusaders toyed with the Bays all the way, but at times there were flashes of real brilliant combination. The teams took quite a time to settle down to scoring. Saanichton popped in a couple of baskets, and then Kennedy scored the first point for the "Y" from a free throw.

Crawford and Lannan proved very effective in their shooting for Saanichton. The "Y" then started to breeze along and overtook the sub-urbanites. McKee and Kennedy scored several nice baskets and at half time the score stood 15-3.

Saanichton came back again in the second half and narrowed the margin between the two teams. Lannan and McKee were the stars, scoring several baskets and the score was brought up to 25-23. The "Y" got away once again and Saanichton was unable to stop them. The score mounted swiftly and the final result was 33-23 in favor of the locals.

The teams were as follows: Saanichton—Crawford, J. Lannan, Buckle, Mike Lannan and W. McNally.

Y. M. C. A. Business Men—Harwood, McKee, Kennedy, Peden and Young.

Ed Cobley refereed.

NORWEGIAN DRIVER BUSTS THREE MARKS

Sig. Haugdahl Drives Special Car at Terrific Speed at Daytona, Fla.

Daytona, Fla., April 6.—Sig Haugdahl, Norwegian automobile driver, in a car of special construction, at Daytona beach yesterday drove one kilometer in 13.9 seconds; five miles in 1.56.02 and ten miles in three minutes, 56 seconds. The time in each case was taken by electrical devices set up by a committee of the international motor contest association. The official world records for the three distances, made under the auspices of the contest board of the American Automobile Association are 14.40 seconds for the kilometer, 2.00.04 for five miles and 4.03.31 for ten miles. Tommy Milton holds the first two and Ralph DePalma the last record.

BOILS MADE THIS GRAPPLER CALL HALT

Lethbridge, April 6.—Ernie Arthur, of Port Arthur, Ont., regained his title from Frank Pilling, of Carleton, last night. Arthur again holds the middleweight wrestling championship of Canada. Pilling, suffering from boils, threw up the sponge after 20 minutes' wrestling.

Dan Dorey, of Taber, won a decision over Bill McKenna, of Lethbridge, in a boxing fixture.

W. CATHCART WINS A COLWOOD MATCH

W. Cathcart won the monthly competition held at the Colwood Golf and Country Club yesterday afternoon. He turned in a score of 88, which, less his 19 handicap, left him with a net score of 69. N. Horsey was second with a net score of 75. His score for the round was 101 but he had a handicap of 26.

Three players were tied for third place with 78. They were A. McDermott, G. Simpson and Vincent Martin.

COLLEGE LACROSSE TEAM LOST TO HIGH

Students Opened Season With Thrilling Battle; Fine Fast Players on Field

Playing their first lacrosse game this season, the Victoria High School team yesterday afternoon defeated the Victoria College twelve in a thrilling encounter by seven goals to four. The players were all fast and in the best of condition and the game showed many instances of the speed and hard checking that is necessary to a good battle, and the untiring energy of every man on the field was remarkable. The High School kept a great pace throughout the struggle and the use of the substituting methods went a long way towards giving the High the success that they had.

The College team is made up of some very fast men. Waddington, Ryan and Hartley making some fine runs, and after making their way close up to their opponents' net, but efforts were made to prevent all against the cool-headed Geiger, whose experience as goalkeeper in three city hockey leagues stands him in good stead. The High School defence was

very strong, and their hard checking and alertness probably saved many scores from going to their opponents' credit. McNamie, Moses, Cameron and Allen, every one of them having previously played the game together, make a wonderful defence combination.

College Scored First.

During the first period of the game the College led with a wild rush and finally scored the first tally. The High School was not long in retaliating, and the game proceeded with every man striving to outdo the other. Prec Moody showed his ability with the stick as a scorer. Waddington, of the College, one of the fastest men on the field, will undoubtedly make a stellar player with the experience he is bound to get if he stays with the game this year. Though Waddington had never played the game before yesterday, he was one of the outstanding men on the field.

The High School found themselves in the second period piling up a good lead and after some fine defence work saved their goal from several direct rushes. McNamie and Cameron made several individual rushes during this period, but Greaves, in the College net, saved time and again.

Somewhat disheartened, but none the less game, the College attacked desperately in the final period, but their efforts were useless. The High School was in their stride and held their end of the field practically safe from invasion.

Mr. Farr refereed the game. The teams lined up as follows: High School—McNamee, Cameron, Moses, Allister, Geiger, Cunningham, Caviness, Moody, Cowan, Sturges, Spares—Brown, Aikens, Humber. College—Greaves, Catterall, Waddington, Bassett, Hodeley, Hemmingway, McCannell, Hartley, Ryan, Goodacre.
